Request Instructions for Voter Information

REQUIREMENTS FOR DATA:

You must be able to import the data into a spreadsheet or database application (i.e. MS Excel or MS Access) if you receive a text file.

If you receive the Voter History file, you must be able to relate or link the Voter and Voter History information using the Voter Registration Number in a database application. This will require a certain amount of computer expertise. If you do not have access to the expertise necessary to use the data contained on the CD, you may request the information in PDF file format or mailing labels.

In order to provide you with the information you want, the following questions must be answered.

1. Which Voters do you want to select?

- **ALL ACTIVE REGISTERED VOTERS AND VOTER HISTORY** – Active Voters registered in Knox County will be selected. All Voter history for the registered Voters will be provided. **This option may be received as a text file only.**
- **ALL ACTIVE REGISTERED VOTERS**
- **SUBSET OF DATA SPECIFYING CRITERIA**

- **Active Voters who live in a specific district** - Place a check mark in the specific District type and write in the district number.

For example - County Commission 9

Voters who registered within a certain date range -

This option allows you to select voters who registered within a range of dates.

- **Voters who voted in a specific election -**
This option allows you to select voters who voted in a specific election. Enter the Election date. Voters who voted in the election will be chosen. Enter one Election per request.
****Declaration* -(optional). This option applies to **declared primary elections only**. Voters who declared in the Primary will be chosen.
- **Voter history file for the subset of voter data selected**

2. How do you want to receive the information?

You may receive information as a text file on CD, a report in PDF file format (Adobe Reader) on CD, or as mailing labels. The voter information only is included in a PDF report file. Voter history is not available in report format. Adobe Reader is free software that allows you to open and view Adobe PDF documents. From Adobe Reader the user may search or print the list but may not modify the file. PDF files may be viewed using any version of Adobe Reader.

***To download or update Adobe Reader from the internet go to www.adobe.com.

3. How do you want to sort the information if you select PDF report or labels?

- **Within Ward/Precinct – Alpha by Name** – Sorts by Ward number, alphabetically by name.
- **Within Zip Code – Alpha by Name** – Sorts by Zip code, alphabetically by name.
- **Alpha by Name** – Sorts alphabetically, last name first.
- **Alpha by Street, Name** - Sorts alphabetically by Street Address, then name.
- **Within Ward/Precinct Alpha by Street** – Sorts by Ward number, alphabetically by Street Address then name.
