OFFICE OF COUNTY MAYOR GLENN JACOBS

400 Main Street, Suite 615, Knoxville, TN 37902

To the Members of Knox County Commission and to all Knox County Citizens:

It is my pleasure to present Knox County's Annual Budget for Fiscal Year 2020. Fiscal Year 2020 marks my first budget submitted under my first term as Knox County Mayor and incorporates my pledge not to raise property taxes on our homeowners and local businesses.

The FY 2020 approved Operating Budget is \$853 million. It is \$34 million more than last year's budget, or a modest growth of 4.16 percent. The general fund budget of \$196.3 million increased by 5.1 percent.

Property Rates:

The approved unincorporated tax rate for Fiscal Year 2020 is unchanged and will be \$2.12 per \$100 of assessed valuation.

The Fiscal Year 2019-2020 Capital and Operating Budgets will provide the financial means to make continuous and sustained progress toward the following:

Programmatic Policies

- To protect citizens' lives, health and property by providing quality law enforcement, emergency medical services and emergency communications;
- To assure that present and future citizens have a safe and environmentally sound place in which to live and work;
- To enhance the quality of life for Knox County residents through long-range, comprehensive development planning and definitive action applied to the natural and built environment;
- To recognize and capitalize on Knox County's cultural and ethnic diversity and to promote that inherent strength;
- To identify, recruit, and develop leadership for advancing the County government and its neighborhoods and advocate policies that will benefit Knox County and its citizens.

Knox County Fiscal Year 2020 Approved Operating Budget

The Fiscal Year 2020 Operating Budget is \$853,131,710. This reflects an increase of \$34,079,253, or 4.16 percent over the Fiscal Year 2019 budget. The Fiscal Year 2020 budget will enable Knox County to provide for a safe, attractive, well-balanced community through quality services and programs. Our budget provides funding for continuation of county services, public safety, education, recreation, road paving, and cultural programs, active community partnerships and well-maintained public facilities.

General Fund

Our General Fund supports the majority of our public services including the sheriff's department, parks and recreation, libraries, health department, finance & administration and the judicial system. The Fiscal Year 2020 General Fund spending budget of \$196,299,187 reflects an increase of \$9,550,092, or 5.1 percent above the Fiscal Year 2019 General Fund budget. Employee Compensation costs, which include salaries and employee benefits, represent 66 percent of the General Fund costs.

Services are provided to the residents of this County through General Fund appropriations and are financed primarily through the property tax. Property tax revenue represents 65 percent of revenue collections. Local option taxes, which consist of sales tax, litigation tax, wheel tax, and business tax, represent 10 percent of revenue collections.

Highlights of our General Fund Budget:

Employees and Compensation:

There are 1,776 authorized full-time positions and 48 part-time for Fiscal Year 2020 in the General Fund. In the General Fund, employee compensation represents 66 percent of the budget. This budget includes \$4.2 million for increases for Knox County employees.

- Circulation of over \$1.2 million items in the library

Engineering and Public Works:

- \$5 million for road paving and resurfacing
- Authorized staffing of 125 full-time positions

FY 2020 Capital Improvement Plan

The Fiscal Year 2020 Capital Improvement Plan includes a projected \$37.2 million.

Parks & Recreation have been allocated \$200,000 for play structure upgrades and fencing improvements to various parks. With these improvements our citizens can enjoy these facilities and parks with family and friends.

Knox County Schools will continue various physical plant and security upgrades to ensure the quality and safety of our schools.

Engineering & Public Works will continue various road projects during FY 2020. The largest project is Schaad Road Phases 4, with \$3 million appropriated for these phases. This road project

will serve a part of our county where growth is expected over the next several years. Improvements (straightening curves, improving intersections, etc.) are planned in order to accommodate anticipated commercial and residential growth. The additional, incremental future operating costs applicable to the facilities that will be constructed from these project funds are not expected to be significant, as these projects will improve existing roads, intersections, etc., that we already operate and maintain.

Major Equipment consists of vehicles, mowers, tractors, excavators and computer servers. These expenditures are recurring and do not have any significant effect on the operating budget. Please see page 75 for a detail listing of major equipment.

Building Improvements include routine maintenance on buildings to improve and/or keep them in good working order. We have several county buildings undergoing improvements and/or major maintenance for FY 2020.

Knox County continues to review and update capital projects and procedures. The review will evaluate all projects in the Capital Improvement Plan and the impact they will have on the operating budget.

The 2020 budget represents the results of implementing our objectives of keeping our tax rate low, funding education and public safety, maintaining reasonable debt levels, increasing funding for needed public works program, and funding other essential government services at the levels needed. We believe that this budget accomplishes our overall primary purpose, which is providing for the benefits of Knox County citizens.

Knox County is a great place to live and you, our citizens, are the backbone of this community. You deserve nothing less than responsible management of your tax dollars. Our emphasis on education and economic development lays a foundation for future private job growth. I am committed to leading Knox County in a direction that will help us to accomplish our mutual goals.

Sincerely,

Glenn Jacobs

ABOUT KNOX COUNTY

The County is the third most populous county in the State of Tennessee. Located in Middle Eastern Tennessee at the headwaters of the Tennessee River, it is the hub of the areas of East Tennessee, Southeast Kentucky, Southwest Virginia and Western North Carolina. This area encompasses over two million people. The U.S. Census Bureau's 2017 census demographic population data reported that 456,132 citizens reside within the total land area of approximately 526 square miles that make up Knox County. (See Knoxville-Knox County Metropolitan Planning Commission for additional information regarding population information, demographics, and other information about Knox County.) Knoxville, the County seat, is about 50 miles west of the North Carolina state line.

The City of Knoxville's 2017 census data was reported at 187,347. It is the largest incorporated municipality in the County. Farragut, the only other municipality in the County, has an estimated population of 22,729. Knoxville has a land area of approximately 104 square miles within its corporate limits and is located on the Tennessee River near the geographic center of East Tennessee.

Manufacturing and Commerce

Located in the northeastern portion of the State, Knox County, along with Anderson, Blount, Campbell, Grainger, Loudon, Morgan, Roane and Union counties, is part of the Knoxville Metropolitan Statistical Area (MSA). Because of its central location in the eastern United States, the County metropolitan area serves thousands of industrial and commercial customers in a concentrated eight-state area. It is within 600 miles of approximately 40 percent of the population of the United States. For many years the County has been known as one of the South's leading wholesale markets. Based on 2017 estimates, there were approximately 1,112 wholesale distribution houses, 1,606 retail establishments, and more than 8,200 service industries located in the County.

The area is the trade center for a 42-county region, located in East Tennessee, Kentucky, Virginia and North Carolina, which serves over two million people. It also is the cultural, tourist, and professional center for this region.

2019-2020 BUDGET

The MSA includes more than 870 manufacturing firms, which produce a large variety of items including medical devices, electronic components, chemicals, manufactured housing, apparel, and automobile parts.

Business Climate

The County has a history of being a regional leader in economic activity. The County offers premier location opportunities for high-technology and precision manufacturing firms. The University of Tennessee, Tennessee Valley Authority and the Oak Ridge National Laboratory help to provide a stable, secure employment base. The Knoxville area is home to many medium-sized manufacturing and distribution operations as well as customer service centers. The Knoxville area boasts a strong and reliable workforce, and low union membership rates. These assets, combined with an excellent location at the intersections of Interstates 40, 75 and 81, make Knox County a great location for any business. The County is also well served by 125 truck lines, three railroads, five airlines, and three local river terminals that provide direct links to the Great Lakes and to the Gulf of Mexico. The Knoxville area continually receives recognition for high quality of life, combining an attractive natural setting with a moderate four-season climate. In addition, the Knoxville area ranks among the nation's top markets for low cost of living. Knoxville ranks as one of the top southeastern urban areas with an index of 82 compared to the average of all participating cities of 100. The County has over 6,400 acres of park and recreation space, with approximately 183 miles of greenways and walking trails. The arts and culture are well served, with the Knoxville Symphony, Knoxville Opera Company, Knoxville Museum of Art, and several performing arts organizations, including the Clarence Brown Theater, providing numerous cultural opportunities. Live entertainment includes touring Broadway productions and many concerts at numerous venues throughout the area, including the historic, beautifully renovated Tennessee and Bijou theaters.

Industrial Investment

The Knoxville MSA has been recognized nationally as a leading location to live and do business. Commerce and industry vary from the media success of Scripps Television Networks (HGTV, DIY, Food Network, GAC, and Travel), to Sysco Corporation's (largest food service marketer and distributor in North America) regional warehouse and distribution center. In addition, many other local companies are recognized as national and global leaders, including Clayton Homes, Brunswick Corporation, Green Mountain Coffee, Bush Brothers, Pilot/Flying J Travel Centers, and Ruby Tuesday.

The area is also gaining a reputation as a prime location for corporate headquarters. High profile companies headquartered here in the MSA include the Tennessee Valley Authority, Jewelry Television, AC Entertainment, DeRoyal Industries, PetSafe/Radio Systems Corporation, and Regal Entertainment. Knox County has 7 business parks and a Technology Corridor to meet a wide range of corporate facility needs.

2019-2020 BUDGET

Commercial Development

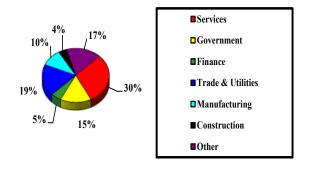

Four regional shopping malls and nearly 200 shopping centers and factory outlets meet the retail needs of Knox County citizens and visitors. Knox County has traditionally been the regional hub of the MSA. 2015 retail sales in the MSA grossed over \$13.8 billion, with approximately 67% of that total generated in Knox County.

Tourism

Although industry frequently is considered the core of an economic base, secondary and tertiary activities also make important contributions to economic development. The convention and tourism business contribute to the County's economic base by drawing income into the region, resulting in employment opportunities as well as investment opportunities in tourist-related facilities. The area draws thousands of enthusiasts every year for University of Tennessee sporting events, and minor league hockey and baseball are also available for sports fans. Opportunities for outdoor recreation are plentiful, with parks and recreation activities throughout the County and in the nearby Great Smoky Mountains National Park.

Non-Agricultural Employment

Knox County has demonstrated a very healthy diversity in employment. Services and trade are the two largest employment sectors in the County metropolitan area, followed by Government.

2019-2020 BUDGET

Unemployment

Historically, Knox County's unemployment rate has been low relative to the state and national rates. For the month of June 2019, the seasonally unadjusted unemployment rates for the County, state and nation stood at 3.6%, 3.4%, and 3.7%, respectively. The County's rate, while slightly higher than the state's, remains flat from the corresponding rate from June 2018, and the state and national rates reflect reductions. These rates indicate improvements in economic conditions across the board.

2019-2020 BUDGET

BUDGET OVERVIEW

The County's budget is prepared utilizing information from various sources: economic outlook projections, which affect estimates of revenues as well as costs to the local government; previous and current year actual results, which may predict future sources and uses of funds; and the County's priorities for managing assets and liabilities while providing services to County residents.

National and State Economic Perspective

According to the analysis of the nation's economic outlook reported in *An Economic Report to the Governor of the State of Tennessee* for 2019, published by the University of Tennessee http://cber.haslam.utk.edu/erg/erg2019.pdf, 2018 saw several positive indicators of the economy continuing to grow. In particular, the housing sector has seen growth but at a slightly lesser rate than previous years. Growth continues in the health, education and professional areas with more jobs being added in service sectors but at a slower rate. Looking forward, the domestic economy is expected to continue to improve in 2019. Inflation-adjusted GDP is projected to grow 3.1 percent, compared to 2.6 percent growth in 2018. The unemployment rate is expected to drop during 2019, and inflation is projected to average under 3.4 percent over the next few years. The bipartisan budget deal removed many uncertainties that have clouded the outlook on the economy over the past few years.

The report also forecasts that the state's economic outlook calls for healthy growth in 2019 compared to 2018's modest growth. For 2018, personal income was up by 3.9 percent. The state's unemployment rate averaged 3.5 percent in 2018, a decrease from the 3.7 percent rate for 2017. Going forward, the unemployment rate is expected to fall, averaging 3.1 percent for 2018 and 4.9 percent in 2017. Personal income is also expected to increase by 3.5 percent for 2019 and 3.7 percent for 2018. The federal deficit increased in 2017 to \$548.1 billion and is projected to increase in 2018. The U.S. economy is expected to grow at a steady pace in the coming quarters.

Knox County Budget Summary

Mayor Jacobs proposed a total operating budget of \$853,131,710 to the County Commission on May 1, 2019. The proposed budget represented an increase of \$34 million over the prior year, with nearly 67% of the proposed increase targeted to schools. The major reasons for the proposed increase included additional funding for the General Purpose School Fund of approximately \$22.1 million to cover growth and to replace federal grant funding, plus increases for public safety and for scheduled debt service payments.

The Mayor also proposed a Capital Improvement Plan (CIP) for the fiscal years ending 2020 through 2024. The plan included proposed capital projects expenditures over the five-year period of approximately \$218.9 million. The County's practice is to appropriate only the immediately upcoming fiscal year, as future plans and priorities may change. For FY 2020, the Mayor proposed capital improvement expenditures totaling \$37,230,000. Funding planned to be needed from debt proceeds totaled \$37,230,000. Of the proposed project expenditures, \$15,800,000

2019-2020 BUDGET

(42%) was proposed for school projects, \$14,265,000 (38%) for public works projects, and the remainder for various other projects.

The Mayor's stated priorities that were utilized in developing the budget included:

- Not increasing taxes. During the current economic environment, additional taxes would increase the burden on citizens, and essential services can be provided without a tax increase.
- Funding education. Nearly two-thirds of the total budget is directed to the Knox County Schools' budgeted funds.
- Maintaining reasonable debt levels. The budget includes capital funding for necessary projects, primarily for schools and public works.
- Increasing funding for public works. The proposed budget provides funding for paving and provides the funding needed to respond during emergencies and bad weather situations.
- Funding other essential County services, including libraries, parks and recreation, health, and seniors and veterans at the levels needed.

In addition to the above, several other significant factors entered into preparation of the FY 2020 budget.

- Based on the year-to-date revenues for FY 2019 and projected assessed valuation of taxable property, budgeted property tax revenues for FY 2020 include a projected increase of \$5.7 million over FY 19. Budgeted sales tax revenues include a projected \$10.8 million increase over FY 2019, as economic forecasts indicate that improvements in consumer spending are expected for 2019. Based on information provided by the State of Tennessee, the Basic Education Program (BEP) funding is projected to increase from FY 2019. The BEP funding, received from the state, is a major source of revenue for the school system.
- In addition, \$150,000 was included for increases in health insurance expenses.
- For FY 2020, as in 2019, no layoffs were considered necessary. The County does continue to monitor the number of positions closely and strict procedures governing the addition of new hires are adhered to in order to contain costs.

The County Commission met on June 6, 2019 to discuss and take action on the Mayor's proposed budget. The Commission adopted the operating budget as proposed, totaling \$853,131,710. In addition, on June 6, 2019, the County Commission adopted the Capital Improvement Plan as proposed by the Mayor.

2019-2020 BUDGET

Long Range Financial Plan

Knox County forecasts operating fund revenues and expenditures for the General Fund over a five year period. This is an indication of management's best assessment of future revenues and expenditures. The forecast is adjusted each year as results are known and as new years are budgeted. Since Mayor Glenn Jacobs has taken office we have focused on providing efficient county services to our citizens while keeping the costs to our taxpayers low. One of the greatest challenges in preparing the projections is anticipating the direction and magnitude of the economy in the next 5 years.

The General Fund supports public safety, recreation, health and welfare, finance, and general government activities. Property taxes are one of the main sources of revenue for the county. We project, based on historical data, a 1.5 percent increase each year on property tax revenue. Local Option Taxes are increasing by 2 percent each year in our projections. Revenues from the State of Tennessee are projected to increase by 2 percent each year, while the Federal Government revenues are projected to increase by 2 percent each year. In general, other revenues are estimated to increase by 3 percent each year.

As for expenditures, we project a 2 percent increase in employers' health insurance costs each year and a 2 percent increase in salaries for our employees each year. New positions will be considered on a "as need basis" for all departments. Total expenditures are projected to increase by 1.5 percent each year for the General Fund.

Overall, within in the next five years, we project continuous revenue growth for Knox County, Tennessee. The expenditures growth is relatively low compared to our revenue growth. In preparing the plan we take into consideration the historical trends for revenues and expenditures. We also consider the resources available and how to best apply those to meet the needs of our citizens.

2019-2020 BUDGET

GOVERNMENT STRUCTURE/FINANCIAL GUIDELINES AND POLICIES

The County has operated under a County Mayor/County Commission form of government since September 1, 1980, and has been under a Home Rule Charter since September 1, 1990. Policymaking and legislative authority is vested in the County Mayor (executive branch) and the County Commission (legislative branch). The County Commission is responsible for passing ordinances, adopting the budget, and appointing committees. The County Mayor is responsible for carrying out the policies and ordinances of the County Commission, overseeing the day-to-day operations of the government, and appointing the heads of many of the County's departments.

Knox County adheres to the following near and long term financial guidelines and policies:

Operating Budget

Budgetary Approval – After the Mayor recommends the operating budget for the next fiscal year, the County Commission and the public have an opportunity to review the recommendation and to provide input. The budget becomes effective when legally adopted by County Commission. The budget is adopted at the fund, department/function, and major category of expenditure level. The major categories are denoted in the County's chart of accounts by account (object) codes. The major categories are personal services, employee benefits, contracted services, supplies and materials, debt service, capital outlay, and other charges. After the budget is adopted, the individual departments may request line item transfers between the major categories or may request additional appropriations above the initial adopted budget, which require the approval of County Commission.

Budgetary Oversight – After the County Commission approves the operating budget for the fiscal year, oversight continues. The County is governed under the State Open Records Act. The public has access to virtually all County financial and other records (with a few exceptions as set forth in the law). The State of Tennessee undergoes a review process of the budget each year, and also reviews the County's Comprehensive Annual Financial Report (CAFR). In order to fund the County's five-year Capital Improvement Plan (CIP), the County goes to the public debt markets, generally on an annual basis. The County is rated by Moody's and by Standard & Poor's and therefore undergoes the financial scrutiny of the ratings process.

Cash Management Policies and Practices – An investment committee, in consultation with the Knox County Trustee, makes investment decisions in accordance with the investment policy formally adopted in 1996. As defined in the policy, investment options, policies, and practices are based on the required liquidity of the available funds. Investments of operating, capital and any surplus funds have different levels of risk tolerance. Operating fund investments, where the primary objective is the preservation of

2019-2020 BUDGET

GOVERNMENT STRUCTURE/FINANCIAL GUIDELINES AND POLICIES Operating Budget (Continued)

principal, have the lowest risk tolerance and are invested in highly liquid, low-risk instruments. Capital funds, where the primary objective is the preservation of principal and sufficient liquidity to meet capital funding needs, are subject to some volatility in risk tolerance depending on when payment for projects is due. Regardless of the type of funds, all investments are made in accordance with state statutes.

Debt Policies and Practices – The State of Tennessee provides statutory authorization for the issuance of general obligation bonds, revenue bonds, refunding bonds, capital leases, and notes. Under that authorization, counties may sell general obligation bonds at a competitive public sale after the adoption of an authorizing resolution by the local governing body. The County must then publish a notice of sale that provides for a ten-day comment period by citizens.

There is no statutory debt limit placed on counties. State law provides for the adoption of tax resolutions, which state that the local government will provide for taxes "of a sum sufficient to pay the principal of and interest on the general obligation bonds as the same shall become due." (Tennessee Code annotated 9-21-215). It is the practice of Knox County to use bonded debt only for major capital purchases included in the five-year capital plan and to <u>not</u> incur bonded debt for operating requirements. Proposed debt for capital expenditures is carefully analyzed to ensure that the life of the asset(s) always exceeds the term of the debt. Knox County management reviews any planned debt issuance with the Commission-approved Financial Advisor.

Knox County currently maintains a "AA+" bond rating from Standard & Poor's, the highest rating in County history. The County also maintains an "Aa1" rating from Moody's for general obligation debt. These ratings were affirmed by Moody's and by Standard & Poor's in April 2019. This continued confidence from the rating agencies confirms the County's commitment to financial integrity, stability and strength.

Capital Purchases – Unless a lower threshold is established as a requirement of a state or federal grant, the value at which equipment and other assets are designated as capital items is ten thousand dollars. The County's policy permits the inclusion, as capital, all initial furniture and fixtures in the construction and/or expansion of Knox County facilities.

Fund Balances – The operating budget is required to be balanced. "Balanced" means that budgeted revenues and other sources, including the use of fund balance, if necessary, equal budgeted expenditures. Knox County discourages routine use of fund balance as a means of funding ongoing operating expenditures. By Ordinance 0-90-9-122, any

appropriation of funds that would reduce the balance of any fund of the Board of Education below three percent of current year budgeted expenditures requires a favorable vote of two-thirds of the Knox County Commission. A recommendation by a majority of the Board of Education must precede such approval. The ordinance also requires a two-thirds County Commission vote to approve appropriations that would reduce the fund balance for any other County fund below five percent of current year budgeted expenditures.

Salary Savings – Knox County's policy is to budget all continuing positions at full funding. Any department or office requesting additional personnel must submit position request forms justifying the requested additional position and quantifying the expected additional costs. New positions are budgeted for the portion of the year they are expected to be filled. A position control program interfaces the payroll and budget systems to enable budget status evaluation of these accounts during the year.

Detail budgeted position counts are located in the "Budget Summary" section of this document. For the FY 2018 budget, the changes to budgeted positions are not significant.

Procurement Policies – The County adheres to a local procurement ordinance. The ordinance is intended to ensure equitable treatment while simultaneously providing for and encouraging open competition in the purchasing of goods and services. Generally, goods and services exceeding \$25,000 are competitively bid.

Capital Budget

Knox County has established a set of policies that cover the process of preparing the Capital Improvement Plan. The major factors involved are:

- A. The purpose of the Capital improvement Plan is to plan, prioritize, and provide financing for capital projects for the next five years. Also, the Plan assists the County in the analysis of the impact of the operating expenses into the County's operating budget for future years.
- B. Construction projects and capital purchases that cost more than \$100,000 and/or have a useful life of greater than seven years will be included in the Capital Improvement Plan. Regular maintenance and capital purchases less than \$100,000 will be included in the operating budget.
- C. Department heads and elected officials will prepare the project proposals and present their requests to the Finance Department. The Public Building Authority will assist with the calculation of project costs and schedules. The project proposals from the Knox County School System will be forwarded to the Finance Department once the Knox County School Board adopts its request. Operating

2019-2020 BUDGET

GOVERNMENT STRUCTURE/FINANCIAL GUIDELINES AND POLICIES Capital Budget (Continued)

costs associated with the project must be provided by the department or elected official and are not included in the Capital Improvement Plan.

- D. The Knox County Finance Department and County Mayor will review the project requests and make recommendations to the County Commission. The final plan recommended by the County Mayor includes the financing of the projects recommended. Financing for the capital budget will come from general obligation bonds and other sources. If a specific current revenue source is identified for a project, that funding is included in the plan.
- E. Budget appropriations for projects included in the first year of the approved Capital Improvement Plan, for which financing is planned for the upcoming fiscal year, are required to be approved by the County Commission. Budgetary approval for projects planned for the subsequent years, for which the financing is planned in those future years, is generally not obtained during the first year of the Capital Improvement Plan and is subject to revision in subsequent years' Capital Improvement Plans as the expected capital needs, and anticipated availability of the related financing, may change in response to future economic conditions and other circumstances.
- F. The County considers future operating costs of capital projects as it considers capital improvements. The projects are limited in scope to minimize the impact on operations and spread out over five years to allow the County's economic growth the opportunity to incorporate the operating expenses. The Capital Improvement Plan also serves to keep to the forefront the future operating impact of capital projects on the County's operating budget. In general, projects included in the current plan are considered routine capital expenditures (upgrades, replacement of existing facilities, etc.). Therefore, the future operating impact of such capital projects approved in the current Capital Improvement Plan is not expected to result in significant future costs (i.e., costs that would require an increase in the tax rate, cause a reduction in other budgeted spending, or require additional staff.) The lack of a significant future impact on the operating budget due to the addition of routine capital projects may be seen by analyzing the budgeted expenditures for the affected departments and the minimal changes in personnel also included in the operating budget.

The adopted plan includes funding for initial costs for new Lonsdale and Adrien Burnett elementary schools. Both of these schools will replace existing facilities, and the details regarding the new construction are not yet available. The Knox County Schools will budget for any changes to the operating costs for the replacement schools when the relevant information becomes available and when the replacement facilities are placed in service.

BASIS OF BUDGET PRESENTATION, MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Primary Government and Board of Education Component Unit

The accounts of the County are organized, operated and presented on the basis of funds. Funds are independent fiscal and accounting entities with self-balancing sets of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

The County does not adopt annual budgets for all funds accounted for during the fiscal year. Only those governmental funds for which an annual appropriation is required are budgeted. Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America (see below). Grant funds are budgeted as the grants are approved during the fiscal year. Annual budgets are adopted for the other governmental funds, excluding the Constitutional Officers (Special Revenue) Fund, and the Public Improvement Fund and School Construction Fund (Capital Projects Funds.) The Public Improvement Fund and the School Construction Fund are appropriated based on the County's five-year Capital Improvement Plan (CIP). The budget appropriations for projects included in the first year of the Plan are required to be approved by County Commission. Budgetary approval for projects included in subsequent years of the Plan is generally not obtained during the first year of the Plan and is subject to revision in subsequent years' Plans as the expected capital needs, and anticipated availability of the related financing, may change in response to future economic conditions and other circumstances.

The County has the following fund types:

Governmental funds are used to account for the County's general government activities. This fund type uses the flow of current financial resources as the measurement focus and employs the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they are "measurable and available"). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The County considers all revenues available if they are collected within 60 days after the fiscal year end. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on general long-term debt which is recognized when due, and certain compensated absences, claims and judgments, which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Property taxes, franchise taxes, licenses, interest and special assessments are susceptible-to-accrual. Sales taxes collected and held by the state at year-end on behalf of the County

are also recognized as revenue. Other receipts and taxes become measurable and available when cash is received by the County and are recognized as revenue at that time.

Entitlements and shared revenues are recorded at the time of receipt, or earlier if the susceptible-to-accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

Listed below are definitions of the types of governmental funds budgeted and identification of the specific budgeted funds within each type:

The General Fund (Fund 101) is the County's primary operating fund. It accounts for all financial resources of the general government, except those required legally or by sound financial management to be accounted for in another fund. The general fund accounts for the normal recurring activities of the County (i.e., public safety, recreation, health and welfare, finance, general government, etc.). These activities are funded principally by property taxes on individuals and businesses.

The **Special Revenue Funds** account for revenue sources that are legally restricted to expenditure for specific purposes (not including major capital projects).

<u>Governmental Law Library Fund (Fund 114)</u> - Accounts for the operation of the law library, available to the public but used primarily by attorneys practicing in the courts. User fees are charged.

<u>Public Library Fund (Fund 115)</u> - Accounts for the operation of the countywide public library system.

<u>Solid Waste Fund (Fund 116)</u> - Accounts for solid waste and recycling activities.

<u>Hotel/Motel Tax Fund (Fund 123)</u> - Accounts for the collection and use of the amusement and hotel/motel tax to promote tourism and related activities in the county.

<u>Air Quality Management Fund (Fund 128)</u> - Accounts for activities related to the maintenance of air quality.

2019-2020 BUDGET

BASIS OF BUDGET PRESENTATION, MEASUREMENT FOCUS AND BASIS OF ACCOUNTING (Continued)

Engineering & Public Works (Fund 131) - Accounts for the County's share of the State gasoline and motor fuel taxes that are utilized to maintain non-state roads within the county and outside the municipal boundaries of the City of Knoxville.

<u>Central Cafeteria Fund</u> - Accounts for the cafeteria operations in each of the schools. The primary sources of funding are federal and state revenues for the school lunch program and sales to students and adults. (Accounting records are not kept on the County's financial software, and no fund number exists.)

General Purpose School Fund (Fund 141) - Accounts for general operation of the Board of Education. Major funding is provided through local tax levies and state education funds.

The **Debt Service Fund** accounts for the servicing of general long-term debt not being financed by proprietary funds.

<u>General Debt Service (Fund 151)</u> - Accounts for the accumulation of resources and the payment of principal and interest on general long-term debt for the County and the Knox County Board of Education.

The Capital Projects Funds account for the acquisition of fixed assets or construction of major capital projects not being financed by proprietary funds.

<u>Public Improvement Fund (Fund 171)</u> - Accounts for the acquisition of County capital assets or construction of major County capital projects not being financed by proprietary funds, exclusive of construction activity related to the Americans with Disabilities Act.

<u>School Construction Fund (Fund 177)</u> - Accounts for school building construction and renovations.

ADA Construction Fund (Fund 178) - Accounts for the renovations needed to Knox County facilities to comply with the Americans with Disabilities Act (ADA).

2019-2020 BUDGET

BASIS OF BUDGET PRESENTATION, MEASUREMENT FOCUS AND BASIS OF ACCOUNTING (Continued)

Proprietary Funds are used to account for governmental activities that are similar to activities that may be performed by a commercial enterprise. This fund type uses the flow of economic resources as the measurement focus and employs the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. Proprietary funds include the following fund types:

Enterprise Funds account for operations that provide services primarily to the general public on a user charge basis. The County does not adopt an annual budget for its enterprise fund.

<u>Three Ridges Golf Course Fund (Fund 401)</u> - Accounts for the operations for Three Ridges Golf Course.

Internal Service Funds account for operations that provide services to other departments or agencies of the County or to other governments, component units and joint ventures on a cost reimbursement basis.

The following internal service funds are included in the CAFR. The County does not adopt an annual budget for these funds.

<u>Vehicle Service Center Fund (Fund 261)</u> - Accounts for the handling of repairs and service maintenance for all county vehicles.

<u>Self-Insurance Healthcare Fund (Fund 263)</u> - Accounts for transactions related to the County's self-insured healthcare benefits.

<u>Risk Management Fund (Fund 266)</u> - Accounts for the handling of all liability and worker's compensation claims filed against the County.

<u>Mailroom Service Fund (Fund 268)</u> - Accounts for the handling of incoming and outgoing mail for all county departments.

Employee Benefits Fund (Fund 270) - Accounts for the handling of health insurance, retirement, life insurance, and other payroll-related benefits for Knox County employees, as well as handling of unemployment claims.

2019-2020 BUDGET

BASIS OF BUDGET PRESENTATION, MEASUREMENT FOCUS AND BASIS OF ACCOUNTING (Continued)

<u>Building Operations Fund (Fund 274)</u> - Accounts for the handling of maintenance, repairs, and security costs associated with each of the buildings owned and operated by Knox County Government. These buildings house offices and provide storage facilities to the different divisions of Knox County Government. The Public Building Authority (PBA) handles these services and bills each area based on the amount of square footage used or occupied by each division or budgeted unit.

<u>Technical Support Services Fund (Fund 276)</u> - Accounts for technical support related to the County's electronic data processing.

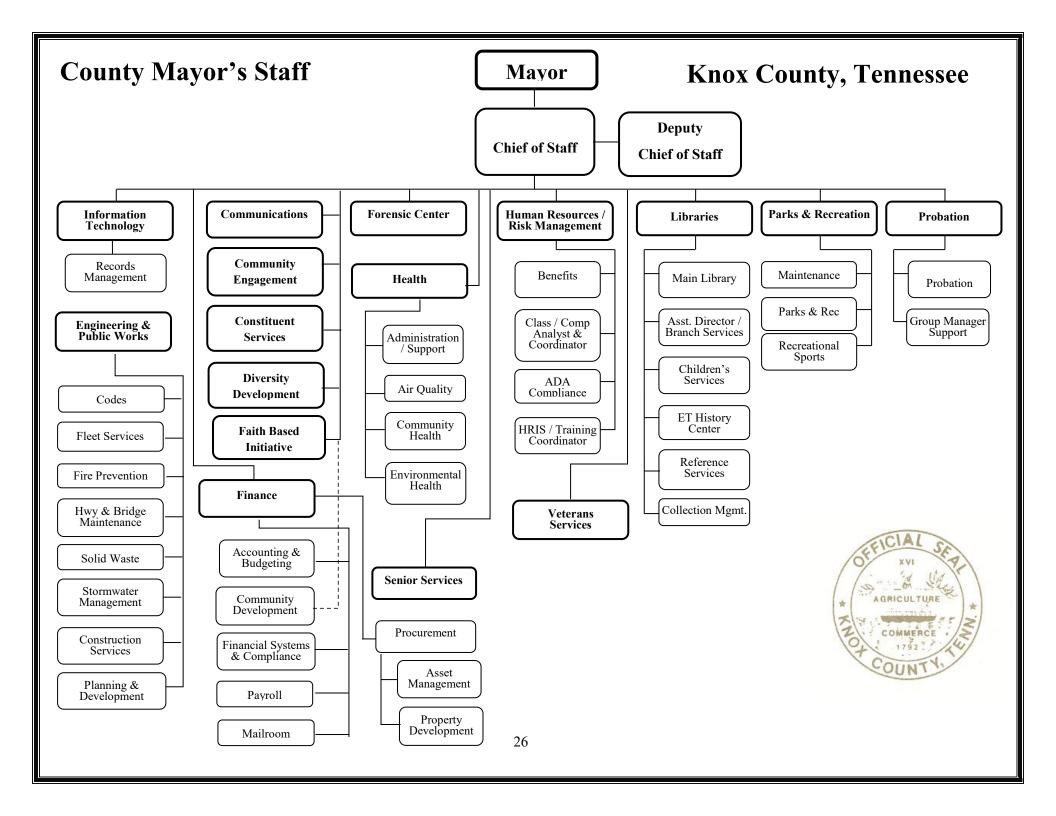

<u>Capital Leasing Fund (Fund 278)</u> - Accounts for a fleet of vehicles used in certain County departments.

Fiduciary Funds account for assets held by the County in a trustee capacity or as an agent on behalf of others. Trust funds account for assets held by the government under the terms of a formal trust agreement. Fiduciary funds include the following:

The **Pension Trust funds** are accounted for in essentially the same manner as the proprietary funds, using the same measurement focus and basis of accounting. The pension trust funds account for the assets of the County's defined benefit and defined contribution pension plans. Plan member contributions are recognized in the period when contributions are due and payable in accordance with the terms of the plan. Employer contributions are recognized when due and the County makes a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

The **agency funds** are custodial in nature and do not present results of operations nor do they have a measurement focus. Agency funds are accounted for using the modified accrual basis of accounting. These funds are used to account for the assets that the County holds for others in an agency capacity.

2019-2020 BUDGET

THE PROCESS

The budget process in Knox County consists of two phases and results in two distinct plans. The result of Phase one - Capital Planning - is the Capital Improvement Plan, a five-year plan updated each fiscal year.

Phase two - Operations Planning - results in the Operating Budget for the next fiscal year beginning July 1, and ending the subsequent June 30.

Phase One - Capital Planning

The Capital Improvement Plan includes all planned project expenditures of amounts greater than \$100,000 and/or for items having a useful life of greater than seven years. Though published with the Adopted Budget upon approval, the Capital Improvement Plan traditionally is not a budget, but rather a planning tool. Budget appropriations for projects included in the first year of the approved Capital Improvement Plan, for which financing is planned for the upcoming fiscal year, are required to be approved by the County Commission. Budgetary approval for projects planned for the subsequent years, for which the financing is planned in those future years, is generally not obtained during the first year of the Capital Improvement Plan and is subject to revision in subsequent years' Capital Improvement Plans, as the expected capital needs and anticipated availability of the related financing may change in response to future economic conditions and other circumstances.

As noted above, the Capital Improvement Plan includes only planned expenditures for construction projects and capital purchases with costs greater than \$100,000 and useful life of more than seven years. Regular maintenance and capital purchases less than \$100,000 are included in the annual operating budget. Planned projects and expenditures within the Capital Improvement Plan are further distinguished between routine and nonroutine capital expenditures. Routine capital expenditures are those that are included in almost every budget and are expected to have no significant impact on the operating budget. Significant non-routine expenditures (e.g., construction of a new school) are expected to result in additional operating costs (e.g., for personnel, maintenance, and utilities). Estimated additional operating costs expected to be incurred for significant nonroutine capital expenditures will be described and quantified when such projects are included in the Capital Improvement Plan. Most of the FY 2020 projects included in the Capital Improvement Plan consist of recurring capital expenditures that will not result in a significant effect on future operating budgets

Review and update of the Capital Improvement Plan began in November. Department heads and elected officials were asked to review those projects in the existing plan that were within their scope of authority and to update the status thereof. Requests for new projects and/or additional funding to existing projects were to be submitted to the County Mayor and Senior Director of Finance in December. After meeting with requesters to

2019-2020 BUDGET

determine the purpose and scope of the requests, the County Mayor and the Senior Director of Finance met with the County budget team. Based on the results of these activities and expected available funds, the County Mayor delivered the recommended Capital Improvement Plan to the County Commission in his budget address to the Commission on May 1, 2019. The Commission approved the overall Capital Improvement Plan on June 6, 2019 via Resolution **R-19-6-103-SS**.

Phase Two - Operations Planning

The Operating Budget consists of planned expenses, capital outlay (other than those items meeting the criteria for inclusion in the Capital Improvement Plan, as described in the previous section), and projected revenues for all departments in all funds that are subject to appropriation. Each year, the information required from the departments submitting budget requests is included in a budget manual. Individual department heads and elected officials evaluate their needs and submit a requested budget. The County Mayor presents a recommended budget to the County Commission, balancing the needs of the departments with the funding available. The County Commission considers the Mayor's recommendation, and votes to adopt an approved budget and tax rate.

At an all-department meeting, the County Mayor explained budget expectations and limitations. All departments were asked to turn in their budget proposals for FY 2019. They were provided with necessary forms, status information and a budget calendar. The calendar identified the month of March as the time when expense projections (budget requests) would be reviewed in meetings between department heads, elected officials and the County Mayor.

Budget requests were considered from a "zero-based budget" perspective. This process assumes no prior funding, and all future funding must be justified and fit the County Mayor's overall priorities. The Mayor's priorities included: (1) not increasing taxes, (2) funding education, (3) maintain reasonable debt levels, (4) increasing funding for public works, and (5) funding essential services.

As part of the operations planning process, the County Department of Finance reviewed and prepared projections of revenues, employee salaries and wages, fringe benefits, and space costs.

The total of updated property assessments from the Property Assessor and the projected percent of tax collections from the Trustee were used to project total property tax revenue and to calculate the expected proceeds.

These projections, coupled with the expense projections from the extensive departmental meetings and extensive line-item-by-line-item analysis by the budget staff, are among the key elements making up the County Mayor's budget recommendation to the County Commission.

2019-2020 BUDGET

The Knox County Board of Education develops its own budget calendar and must submit the approved budget request to the County Mayor by April 15. Included is a separate budget request for the Central Cafeteria Fund. During the County Mayor's review of these budget requests, recommended changes or additions to specific line items are identified. These are included in the County Mayor's recommendation of the total amount necessary to fund the Schools' operating expenses.

Outside agencies requesting Hotel/Motel Tax funds send their applications to the Knox County Grants Office. Upon review, these are forwarded with a recommendation to the County Mayor. This recommendation becomes a part of the County Mayor's recommended budget.

Commission Action

The County Mayor presented the budget recommendation to the County Commission on May 1, 2019 at a Special Sessions meeting. Separate resolutions by the Commission were passed to adopt the Operating Budget, Capital Improvement Plan, and Tax Rate on June 6, 2019.

The County Commission approves a total funding amount for the Knox County Schools' General Purpose School Fund, and the Knox County Board of Education is responsible for adopting the detail line item budget for the Knox County Schools. The final 2020 budget for the Schools' General Fund (General Purpose School Fund) totaled \$506,652,000. The Board finalized line-item amounts and final revenue projections, and approved a detailed line-item budget at its May Board meeting. The Board subsequently amended its detailed line item budget at its June meeting.

Expense Categories

The appropriated County budget is prepared at the fund, department/function, and major category level. For the County, the legal level of budgetary control (the level at which management cannot overspend funds without a budget amendment) is the major category level within a department or function. The major categories are Personal Services, Employee Benefits, Contracted Services, Supplies and Materials, Other Charges, Debt Service and Capital Outlay.

2019-2020 BUDGET

Supplemental Information

The County Commission and the Board of Education, respectively, must approve requests from County or School departments to transfer budgeted funds between expense categories.

Any requests for additional appropriations, after the budget has been approved, require identification of the anticipated revenue source to cover them. Expenditures may not exceed estimated revenue or available fund balance and the full County Commission must approve such changes.

Generally, grants to the County are not included in the operating budget cycle. The authorization to appropriate these funds is provided in the award. The County anticipates some grant matches each year in its operating budget.

County Fund Balances: Knox County has a long history of prudent budgeting. One way to demonstrate responsible budgeting is by maintaining prudent levels of fund balances. Management and the County Commission are in full agreement with how important strong fund balances are to sound business practices. This enables the County to operate in its most efficient and effective manner. The fund balances above are totals, and include unassigned amounts as well as amounts restricted, committed or assigned for particular purposes. The County especially emphasizes the strength of the unassigned portion of the General Fund balance, and a more indepth analysis can be found in the County's Comprehensive Annual Financial Report (CAFR) available online at http://www.knoxcounty.org/finance/annual reports.php, or from:

Knox County Department of Finance Suite 630 400 Main Street Knoxville, TN 37902

FY 2017 Actual: The General Fund budget estimates for FY 2017 were based on levels close to the FY 2016 actual amounts, and the original budget provided for a planned use of \$3,411,252 of fund balance. Actual results were positive compared to budget; with a final net change in fund balance of \$2,543,092, for a positive variance of almost \$6.0 million. This positive result occurred primarily as a result of higher than expected realized local tax revenues, combined with the careful management of expenditures. The Debt Service Fund total budget increased by \$1 million based on the scheduled amounts of principal and interest payments coming due, and approximately \$6.1 million of fund balance was applied to the original budget. During the year, an additional \$9.97 million was appropriated from the budget, resulting in a final planned budget deficit of \$16.1 million. The actual net change in fund balance was \$9.4 million, for a positive variance of \$6.7 million compared to the final budget. This result was due primarily to interest savings realized from low interest rates on variable rate debt. The General Purpose School Fund budget increased by approximately \$17.6 million compared to the 2016 budget. Much of that increase was in the area of increases in personnel costs for instructional personnel. The budget planned for the use of approximately \$0 of fund balance. The actual change in fund balance for the year was an increase of \$4.7 million. The ending fund balance was comfortably in excess of the state-mandated 3% level.

2019-2020 BUDGET

FY 2018 Actual: The General Fund budget estimates for FY 2018 were based on levels close to the FY 2017 actual amounts, and the original budget provided for a planned use of \$1,905,914 of fund balance. Actual results were positive compared to budget; with a final net change in fund balance of \$5,237,147, for a positive variance of almost \$7.0 million. This positive result occurred primarily as a result of higher than expected realized local tax revenues, combined with the careful management of expenditures. The Debt Service Fund total budget increased by \$1 million based on the scheduled amounts of principal and interest payments coming due, and approximately \$4.9 million of fund balance was applied to the original budget. The actual net change in fund balance was \$1.7 million, for a positive variance of \$6.6 million compared to the final budget. This result was due primarily to interest savings realized from low interest rates on variable rate debt. The General Purpose School Fund budget increased by approximately \$17.6 million compared to the 2017 budget. Much of that increase was in the area of increases in personnel costs for instructional personnel. The budget planned for the use of approximately \$0 of fund balance. The actual change in fund balance for the year was an increase of \$300,000. The ending fund balance was comfortably in excess of the state-mandated 3% level.

FY 2019 Estimate: For the General Fund, total revenue and other sources were budgeted at \$186,749,095, an increase of \$5,296,665 compared to the FY 2018 budgeted total of \$181,452,430. The budget contained expected increases in local property and sales tax revenues compared to the prior year, and the expenditures and other uses budget was increased to provide for additional support to the Knox County Schools and to provide for compensation increases for County employees approved in FY 2019. The Debt Service fund total budget increased slightly; the budget requirements are based on the timing of scheduled debt service payments. The General Purpose School Fund budget was increased by \$13,384,000. Much of the increase is planned for increases in personnel costs for instructional personnel. Although final actual results for the 2019 fiscal year are not yet available, management expects that actual results for both the General and Debt Service funds will be positive compared to the budget. Total fund balance for the General Fund is expected to increase slightly. Total fund balance for the General Purpose School Fund budget is also expected to increase, and is expected to remain comfortably in excess of the state-mandated 3% level.

FY 2020 Budget: The total property tax rate is unchanged at \$2.12. The overall FY 2020 budget increased by \$34 million over the FY 2019 budget. Budgeted expenditures increased due to the addition of new departmental functions, employer health insurance costs, raises for employees, and road paving/resurfacing. For the General Fund, total revenue and other sources have been budgeted at \$196,299,187, an increase of \$9,550,092 compared to the FY 2018 budgeted total of \$186,749,095. One of the primary reasons for the increase is an expected increase in property tax revenue of approximately \$1 million due to growth in taxable property. Another reason is there is a planned use of fund balance of \$1.7 million for one-time expenditures. The Debt Service fund total budget decreased slightly; the budget requirements are based on the timing of scheduled debt service payments. The remaining increase in the total budget pertained to the increase in the General Purpose School budget of \$22,122,000. The majority of the increase is for increases in compensation, particularly for instructional personnel, plus additional personnel needs.

Longer Term Outlook: The County plans to maintain traditional, prudent levels of fund balances for normal operating cash flow needs, unexpected budgetary needs, revenue uncertainty, and, of course, for emergencies. The County plans to maintain levels of fund balances relative to the County budget. As the budget grows, the fund balances would grow accordingly. The County does not plan to grow fund balance other than to keep pace with the budget. When one-time revenues or savings are achieved, the County plans to apply the resulting increase to augment its capital plan. This approach – using one-time funding sources for planned targeted spending — helps the County maintain consistency in the operating budget for governmental funds, and helps to keep operating budgets in line with ongoing operating revenue sources.

County Property Taxes: Includes that portion of the property tax allocated to the General Fund. The County's tax rate was \$2.12 in FY 2019 and the FY 2020 rate remains at \$2.12. In FY 2020, one cent of tax revenue is estimated to generate \$1,274,000, which compares to the 2019 amount of \$1,247,000. The portion of the overall \$2.12 tax rate allocated to the fund is \$.89. This is the same percentage (42%) as the previous year. Payments in Lieu of Taxes from the utility companies in the county and from the Tennessee Valley Authority (TVA) are also in this category.

County Local Option Taxes: The three main components are the local option sales tax, litigation taxes, and business taxes.

Sales made in the unincorporated areas of Knox County are charged a 2.25% local option sales tax. Of the local option sales tax, 27.778% is allocated to Knox County general government, with the remaining 72.222% allocated to the schools. The majority (58%) of the projected general government revenue is allocated to the General Fund and the Solid Waste Fund. The remaining 42% of the projected general government revenue is allocated to the Engineering and Public Works Fund. Local option sales taxes are projected to increase for FY 2020. This is based on the actual sales revenues reported in FY 2019.

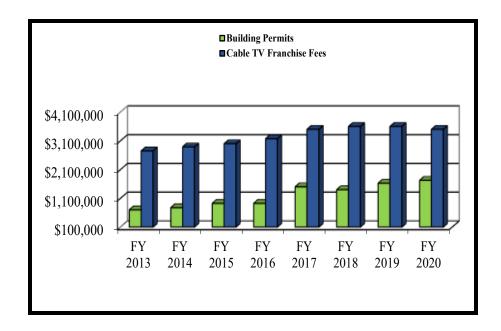

2019-2020 BUDGET

GENERAL FUND (Continued)

Litigation taxes consist of those taxes received by the courts for disputes brought to the courts and the Judicial Salary litigation tax. Litigation taxes are projected to remain at approximately the same level as for 2019. Business taxes are comprised of the yearly business tax and the gross receipts tax. The annual business tax is \$20 per business. The gross receipts tax is based on a class schedule, broken down by type of product sold. The revenue is budgeted in the General Fund and is projected to increase compared to 2019.

Wheel Tax: The County receives \$36 from each motor vehicle registration. The majority of the wheel tax is allocated to the Public Library Fund, with the remainder allocated to the County General Fund and to the General Purpose School Fund. For FY 2020 and 2019, wheel tax revenue is budgeted at \$567,000 and \$550,000 in the General Fund.

Licenses and Permits: Consists primarily of cable TV franchise fees and building permit revenue. Cable TV franchise fees are expected to slightly decrease compared to FY 2019. Building permits are expected to increase by \$100,000 compared to FY 2019 projected actuals.

Fines, Forfeitures, Penalties: Includes the fines and fees received by the Knox County Courts (General Sessions, Criminal, Circuit, Chancery, Probate and Juvenile). This consists of officer costs, bad check fees, fines and costs of the courts, etc. Revenue received from out-of-county juveniles housed at the Juvenile Detention Center is included as well as county traffic ordinance fees. Based on estimated actual results for FY 2019, this revenue is expected to slightly decrease in FY 2020.

Charges/Current Services: This category contains estimated revenue for services provided by Knox County to county residents. The major areas include charges for the Health Department, Recreation Department, Building Code Inspection Fees, Data Processing fees, and Probation fees. Based on estimated actual results for FY 2019, this revenue is expected to increase slightly in FY 2020.

Other Local Revenue: The major sources include: interest earnings, jail concessions, rent from county facility use, and sales of surplus county property. The total projected revenues in this category have been increased for FY 2020, due to FY 2019 actual results in various areas throughout this category.

2019-2020 BUDGET

GENERAL FUND (Continued)

Fees from Officials: Includes excess fees from the fee offices in Knox County (Register of Deeds, County Clerk, Circuit Court Clerk, Criminal Court Clerk, Clerk & Master and Trustee). Excess fees are the remainder of all fees collected less all office salaries and fringe benefits and a three months' salary reserve.

State of Tennessee: Consists primarily of Health Department programs, the Hall Income Tax, the Child Support Enforcement Program, revenues from housing prisoners for the State, the Excise Tax from state banks, officer costs, and state revenue sharing. In FY 2020, revenue sharing increases are expected, which are expected to help offset other expected reductions in this category.

Health Department funding includes state aid to local health activities.

Hall Income Tax revenue consists of the local share of state income tax on interest earned on stocks and bonds. Of the total amount collected by the state, 60% is kept by the state and 40% is remitted to the taxpayer's county or city of residence. This revenue is expected to decrease for FY 2020 due to the phasing out of this tax.

The Child Support Enforcement Program generates two types of revenue: Incentive payments and reimbursement costs. The incentive payment is based on the amount of child support collected versus the amount due. Knox County is reimbursed for approximately 66% of the expenditures for the program. For FY 2020, these revenues are projected to remain at approximately the same level as in FY 2019.

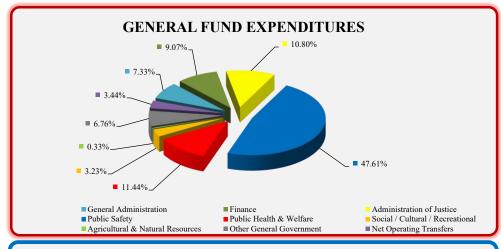

Reimbursements from the State for housing prisoners are expected to increase slightly as in FY 2019.

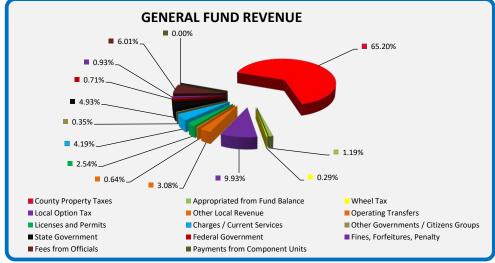

The excise tax from State banks is based on the net earnings of all state-chartered banks and national banks doing business in Tennessee. This account is budgeted based on the average of the last five years collections.

Federal Government: This category includes the revenue received from the Federal Government for housing prisoners. This revenue is projected to slightly increase in FY 2020.

Other Governments: Consists of miscellaneous revenue from local governments and agencies.

Appropriation from Fund Balance: For FY 2020, \$1,777,781 of fund balance has been appropriated.

- The Fire Bureau has upgraded to Microsoft Office 365. This allows an easy-to-use format to review electronic plan submittals in PDF format. Now the plans can be reviewed simultaneously by all departments and thus takes the "waiting for plans" delay out of the process.
- The website has been updated to be more user-friendly.

SERVICE ACCOMPLISHMENTS FOR FY 2019: (Continued)

Investigation

- Attend training sessions and taught some portions of the training.
- An administrative action moved employment responsibilities of the Bureau investigators to the Sheriff's Office. All job duties and functions remain unchanged, as well as their base of operations. The Bureau continues to fund all investigative costs; the Sheriff's office funds law enforcement expenses. As public safety officers, the investigators are now covered by all the protections and benefits all the other county law enforcement officers enjoy.

Public Education

- In partnership with the Rural Metro Fire Department and Energizer Home Care, the Bureau's Office of Public Education piloted a new program specifically targeting community education for proper smoke alarm maintenance.
- While teaching children about fire safety is important, it is often the parents who display unsafe fire behavior. The educators now regularly speak at homeowner's association meetings, especially during the warm months, so that people can be educated about fire safety in the home, which is where 75% of all fire-related deaths occur. The number of HOA meetings attended continues to be high.
- The primary cost savings in the Public Education division is due to the fact that the salaries of both public educators are jointly funded with the Rural Metro fire department (RM). And they are RM employees, which means RM covers all personnel costs: health, disability and life insurance, FICA, retirement benefits, etc.

Local Option Taxes: Sales made in the unincorporated areas of Knox County are charged a 2.25% local option sales tax. Of the local option sales tax, 27.778% is allocated to Knox County general government, with the remaining 72.222% allocated to the schools. The majority (58%) of the projected general government revenue is allocated to the General Fund and the Solid Waste Fund. The remaining 42% of the projected general government revenue is allocated to the Engineering and Public Works Fund. Local option sales taxes are projected to increase compared to the FY 2019 adopted budget. This is based on the actual sales revenues reported in FY 2019.

Statutory Local Taxes: This category contains wholesale beer tax collected from the unincorporated areas within Knox County. Although revenue collections have been declining in prior years, Public Chapter 1101, (a state law addressing growth by annexation within counties), addressed collection of wholesale beer tax in counties when the city annexes the area producing the tax. The law states that the county is due the same base tax for fifteen years and that the city receives only the growth. Accordingly, this revenue is projected to remain flat compared to prior years for FY 2020.

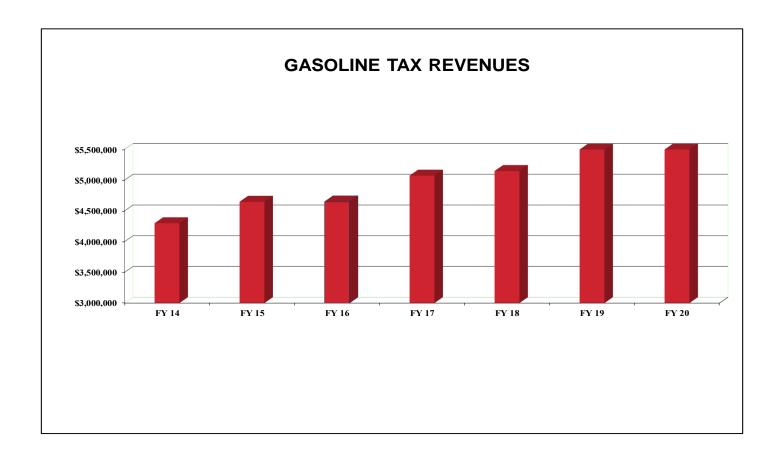

Other Local Revenue: Includes miscellaneous revenue collected during the fiscal year. The amount budgeted is based on revenue estimated and collected for the fiscal year.

Appropriation from Fund Balance: For FY 2020, there is \$171,333 appropriation of fund balance use.

GENERAL DEBT FUND

FUND 151

County Property Taxes: This category includes the property tax allocated to the General Debt Fund. The County's total tax rate was \$2.12 during FY 2019 and remains at \$2.12 for FY 2020. Each one cent of the property tax rate is estimated to generate \$1,274,000 of property tax revenue, which compares to the 2019 amount of \$1,247,000. The portion of the overall \$2.12 tax rate allocated to this fund is \$.43 for FY 2020 and FY 2019.

Payments from Component Unit (General Purpose School Fund): As the Knox County Schools are not allowed by law to issue debt, the County issues debt on behalf of the Schools for their capital purposes. The Schools repay the County annual amounts based on the related debt service for the year pertaining to debt issued for School purposes.

There are no laws or statutes that establish maximum debt levels for Knox County.

CAPITAL IMPROVEMENT PLAN FY 2020 THROUGH FY 2024 CAPITAL IMPROVEMENT PLAN POLICY

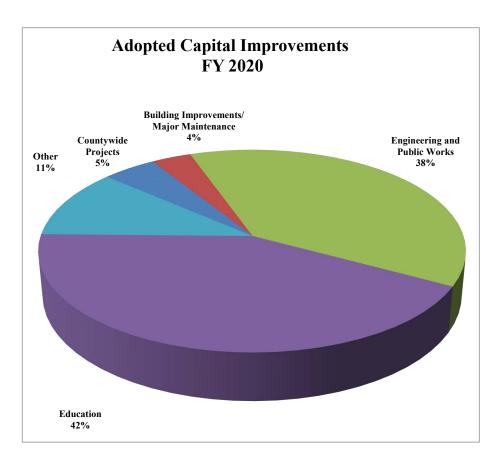

Knox County has established a set of policies that cover the process of preparing the Capital Improvement Plan. Below are the major factors involved in the process:

- A. Construction projects and capital purchases that generally cost in the aggregate more than \$100,000 and/or have a useful life of greater than seven years will be included in the Capital Improvement Plan. Furniture, fixtures and equipment purchased for major additions or renovations will be included in the plan; all other regular maintenance and capital purchases less than \$100,000 will be included in the operating budget.
- B. The purpose of the Capital Improvement Plan is to plan, schedule, and anticipate financing for capital projects for the next five years.
- C. Department Heads and Elected Officials will prepare the project proposals and present the requests to the Finance Department. The Public Building Authority will assist with the calculation of project costs and schedules. The project proposals from the Knox County School System will be forwarded to the Finance Department once the Knox County School Board adopts its request. Operating costs associated with the project must be provided by the department or elected official and are not included in the Capital Improvement Plan.
- D. The Knox County Finance Department and County Mayor will review the project requests and make recommendations to the County Commission. The final plan recommended by the County Mayor includes the financing of the projects recommended. Financing for the capital budget will come from General Obligation Bonds and other sources. If a specific current revenue source is identified for a project, then that funding is included in the plan.
- E. Budget appropriations for projects included in the first year of the approved Capital Improvement Plan, for which financing is planned for the upcoming fiscal year, are required to be approved by the County Commission. Budgetary approval for projects planned for the subsequent years, for which the financing is planned in those future years, is generally not obtained during the first year of the Capital Improvement Plan and is subject to revision in subsequent years' Capital Improvement Plans as the expected capital needs, and anticipated availability of the related financing, may change in response to future economic conditions and other circumstances.

Note: The amounts shown in this schedule may differ from the amounts shown on the preceding schedule of Debt Principal Projections Fund and the total Debt Service Fund budget.

The amounts included in this schedule pertain only to bonded debt, and therefore these amounts exclude the effects of budgeted and actual payments made from the Debt Service Fund for other debt obligations (loans and capital leases). In addition, actual totals reported in the audited CAFR may, when applicable, include the effects of bonds repaid from proceeds of a debt refunding transaction, rather than from the regular debt service budget.

Furthermore, the amounts shown in the debt service budget may include estimates of debt service for bonds planned to be issued prior to the end of the fiscal year, whereas the projected amounts shown in the Debt Principal Projections schedule have been updated to reflect the actual debt service, where applicable.

In order to keep a consistent comparison between years, the effects of these transactions are also excluded from amounts shown above.

Demographic Statistics

Based on population estimates since the 2000 U.S.Census, Knox County's population has grown faster than Tennessee's and the nation's as a whole. The County faces both the opportunities provided by growth (expanded tax base, larger numbers of potential employees, etc.) and the challenges of expanding services (additional schools, roads, etc.)
