

Tennessee Yards & Neighborhoods Program

Cordially Presents:

Earth-Friendly Home Landscape Workshop

Saturday, February 27th
10 am — 4 pm

**Tennessee Valley Unitarian Universalist Church
2931 Kingston Pike**

Concerned about the environment but feel powerless to issues that are out of your control? Now's your chance to make a difference and go no farther than your own backyard! Based on a nine-principle approach, you will learn resourceful actions you can take to directly protect and conserve the abundance of resources we are blessed with in East Tennessee. Topics covered will include, but not be limited to:

- Soil & turf management strategies that create a healthy, more water-efficient lawn
- Innovative rainwater management strategies that can create a more lush landscape while also protecting local waterways
- Techniques for creating wildlife-friendly habitats
- Landscape design principles to help you create your mind's eye vision for your yard

You will receive a TYN Workbook, \$20 coupon for state-certified soil tests, rain gauge and other tools of the trade — in total valued at \$35.00. TYN offers this workshop at-cost because it is our sponsors' mission to preserve our state's natural resources.

- Cost is \$35 per person or \$50 per couple.
- Advance registration is required. Space is limited to 25 participants.
- Lunch is free of charge compliments of TVUUC.
- To register, call Knox County Extension at 865-215-2340
- For program information, go to: www://tnyardsandneighborhoods.tennessee.edu
