

Special Pollution Abatement Permit

Existing Business

Automotive & Associated Facilities

Polluted stormwater runoff is a leading contributor to the degradation of stream health in Knox County. Rushing storm water picks up litter, chemicals, dirt and other pollutants as it flows into a stormwater ditch and drain system and is deposited into a lake, stream, river or wetland. It is not clean water and, unlike drinking water and sewer wastewater, stormwater receives no treatment to remove any pollutants. Instead pollutants are carried into our waterways where they harm fish and wildlife, and ultimately pollute the places we enjoy for fishing, swimming, and other recreational activities. Because we use surface water for our drinking water source, these contaminants add to the cost of treating drinking water to make it safe.

SWM Use Only (Engineering Department)

Date Received:	Fee: \$100 Paid On:	Reviewer:
Date of Coverage:	Expiration Date:	Permit Number:

I. Name of Facility	
----------------------------	--

- II. Type of Facility:** vehicle maintenance & repair vehicle fueling vehicle washing
 vehicle storage parking lot maintenance

III. Site Information	Watershed:
Mailing Address:	
Physical Address:	

IV: Responsible Party for BMP Maintenance:	Name:	Title:
Address: (street, city/state, zip)		
Phone:	Fax:	e-mail:

V. Potential Pollution Sources on Site

1. Potential Pollutants: *What potential pollutants are found at your facility? Please check all that apply.*

<input type="checkbox"/> antifreeze/coolant	<input type="checkbox"/> oil	<input type="checkbox"/> grease
<input type="checkbox"/> oil filters	<input type="checkbox"/> cleaning solutions	<input type="checkbox"/> solvents (e.g. part washer)
<input type="checkbox"/> batteries	<input type="checkbox"/> hydraulic(transmission, brake, steering, etc.)	<input type="checkbox"/> food
<input type="checkbox"/> paper	<input type="checkbox"/> plastic	<input type="checkbox"/> Styrofoam
<input type="checkbox"/> aluminum/steel	<input type="checkbox"/> cardboard	<input type="checkbox"/> glass

Other: Please explain

2. Disposal: Please indicate how you dispose of pollutants at your facility? Please check all that apply.

Dumpster: sole use dumpster shared dumpster

Recycle service: Name of company: _____

Please list what you recycle: _____

Other: Please explain

3. Dumpster or other disposal method

Dumpster has a lid Dumpster is under a cover

4. Location of dumpster: Please check all that apply

Dumpster is located near a storm drain Dumpster is located on a raised pad

Dumpster is located on a gravel pad Dumpster has a berm around it

VI. Facility Maintenance: Mopping, Washing, Sweeping, Mat Cleaning, etc....

Please indicate how you maintain your facility. Check all that apply

Mop/spray down interior of facility to floor drain

• Is floor drain connected to sanitary sewer? _____yes _____no _____unsure

• Mop sink or other sink specifically designed for waste water? _____yes _____no _____unsure

Sweeping

Professional service cleans the facility. Please list service: _____

VII. Parking Area/Drive-Thru/Loading Dock

Cleaning Method: Please indicate how you clean parking areas, drive-thru and loading dock areas. Check all that apply.

Sweeping Hosed off with a water hose

Pressure Washing

• If you pressure wash, how is waste water handled?

Professional Service: Please list service: _____

Other: Please explain:

VIII. Landscaping

How does your facility handle landscaped areas?

Professional service: Please list service: _____

Employees conduct landscaping. Please describe duties and products used (fertilizers, pesticides, etc.):

No landscaping conducted on site.

IX. Stormwater Pollution Prevention Plan (SWPPP)

Does your facility have a SWPPP? ____yes ____no ____unsure

If yes, please attach a copy of it to this permit.
