**East Tennessee History with  
Dr. Henry Wilson  
Every Monday @ 3pm**

The decade after the “Great War” (World War I) was a very eventful, at times tumultuous, period for East Tennessee. Seismic events such as the end of the Great War, the Spanish Influenza Pandemic, the Stock Market Crash & subsequent Great Depression, seem to pile one upon the other, greatly crimping the jubilant impulses of the “Roaring Twenties.” As if that weren’t enough, tentative efforts to establish the first great Eastern National Park (the Smokies) also began during this era. This class will survey these crucial events while discussing how they impacted our distinctive local culture of East Tennessee.

# DO YOU NEED A FITNESS ORIENTATION?

Mandatory Fitness Room Orientation is required before you use any exercise equipment.

There will be an orientation EVERY MONDAY – ALL DAY with Fitness Coordinator, Caleb Newsome and Tuesday through Friday @11am with center staff. Please be sure to stop by the front desk and schedule your free orientation.

# FREE BLOOD PRESSURE SCREENING

**Every Monday 8am-4pm**

Have you had your blood pressure checked recently? Did you know that as many as one in three Americans have high blood pressure, or don't even know they have it? Having no warning signs or symptoms makes it dangerous, so it is a

good idea to have your blood pressure checked regularly. Be sure to make time for YOU and YOUR health. Blood Pressure checks will be conducted by Fitness Coordinator, Caleb Newsome and will be available every Monday here at the senior center.

# Tech Smart Telehealth

## March 18-22 & March 25 @ 9am-12pm

If you are 50 or older and interested in learning practical computer skills to meet your needs in this current electronic age, sign up for the training today. CAC will offer 18 hours of training, 3 hours a day for 6 days, and after the completion of this training you will go home with a new Chromebook, bag and mouse pad for only \$25. - Getting care at home, especially for people who can't easily get to their providers' offices.
- Getting care from a specialist who is not close by.
- Getting care after office hours.
- More communication with your providers. Cost savings, convenience, and the ability to provide care to people with mobility limitations, or those in rural areas who don't have access to a local doctor or clinic.
- Reduced exposure to pathogens and support for people with chronic conditions.

**Please Note: If you have taken the class before, you may retake it, but WILL NOT be eligible for a computer.**

# Knox County Senior Services

Knox County Senior Services is dedicated to serving approximately 145,000 Knox County citizens who are age 50 years or older. All centers are professionally staffed and provide diverse programming specifically geared toward seniors. These programs provide recreation, educational information and social activities. Our senior centers are a great resource for connecting seniors with needed services in our community. Please follow the links for detailed information about each of the six Knox County Senior Centers. The John T. O'Connor Center located in the City of Knoxville is operated by the CAC Office on Aging.

**Mission:** To provide community seniors with diverse quality of life programming for their physical, social and intellectual well-being.
