BUSINESS TAX

The Business Tax

Engaging in any vocation, occupation, business, or business activity listed in Tenn. Code Ann. §§ 67-4-708(1) – (5) is a taxable privilege subject to a state business tax. The tax shall not apply to gross receipts generated from any sales of services or tangible personal property made by a provider of direct-to-home satellite television programming services. [Tenn. Code Ann. § 67-4-704]

Engaging in any vocation, occupation, business, or business activity listed in Tenn. Code Ann. §§ 67-4-708(1) – (4) is a taxable privilege subject to a municipal business tax that may be levied by ordinance of the municipal governing body. The tax shall not apply to gross receipts generated from any sales of services or tangible personal property made by a provider of direct-to-home satellite television programming services. [Tenn. Code Ann. § 67-4-705]

Having a substantial nexus in this state and engaging in this state in any vocation, occupation, business, or business activity listed in Tenn. Code Ann. §§ 67-4-708(1) – (4) without establishing a physical location is a taxable privilege subject to a state business tax, but is not subject to a municipal business tax. [Tenn. Code Ann. § 67-4-717]

The term “engaged in this state” includes but is not limited to the following activities [Tenn. Code Ann. § 67-4-717]:

- + The sale of tangible personal property that is shipped or delivered to a location in Tennessee.
- + The sale of a service that is delivered to a location in Tennessee.
- + The leasing of tangible personal property that is located in Tennessee.
- + Making sales as a natural gas marketer to customers located in

Tennessee through the presence of the seller’s property in Tennessee, through holding of pipeline capacity on pipelines located in Tennessee, or through the seller’s employees, agents, independent contractors, or other representatives in Tennessee who are acting on behalf of the seller by soliciting orders, providing customer service, or conducting other activities in furtherance of the sale.

Engaging in any vocation, occupation, business, or business activity listed in Tenn. Code Ann. § 67-4-710 is a taxable privilege subject to a privilege tax that may be levied by ordinance of the governing body of any county or incorporated municipality, or both. [Tenn. Code Ann. § 67-4-705]

On August 19, 2003, the Attorney General issued an opinion that levy of the business tax by different levels of government jurisdiction does not constitute impermissible double taxation because (a) the taxing jurisdictions are not the same and (b) double taxation is not prohibited when the legislature intended that result.

The tax imposed under the Business Tax Act may be collected in addition to any other applicable privilege taxes established by law. The tax will be in lieu of any or all ad valorem taxes on the inventories of merchandise held for sale or exchange by persons taxable under this law. [Tenn. Code Ann. § 67-4-701]

Substantial Nexus Standard

For tax years beginning on or after January 1, 2016, out-of-state businesses with substantial nexus in Tennessee that are not already subject to Tennessee taxes will be subject to business taxes to the fullest extent allowed by the Constitution. Substantial nexus

BUSINESS TAX

The Business Tax *(continued)*

includes, but is not limited to, any of the following:

- + The taxpayer is organized or commercially domiciled in Tennessee;
- + The taxpayer owns or uses its capital in Tennessee;
- + The taxpayer has a systematic and continuous business activity in this state that has produced gross receipts attributable to customers in Tennessee; or
- + The taxpayer has a bright-line presence in the state. A person has a bright-line presence in this state for a tax period if any of the following applies:
 - o Receipts: > \$ 500,000 or 25% of total receipts from sales in TN
 - o Property: > \$ 50,000 or 25% of total property by value in TN
 - o Payroll: > \$ 50,000 or 25% of compensation paid in TN

Registration

Prior to engaging in business, every person taxable under the Uniformity and Small Business Relief Act of 2013 must register with the Commissioner of Revenue or the county clerk, in the case of businesses located within a county, and/or with the Commissioner of Revenue or the appropriate city official in the case of businesses located in an incorporated municipality.

Any person subject to the tax levied by Tenn. Code Ann. § 67-4-704 that does not have an established physical location, outlet, or other place of business in Tennessee and who generates as much as \$10,000 in annual gross receipts in any Tennessee county must register with the Commissioner of Revenue.

Persons described in Tenn. Code Ann. § 67-4-708(5) and taxable under Tenn. Code Ann. § 67-4-709(5) must also register with the Commissioner of Revenue prior to engaging in any business. [Tenn. Code Ann. § 67-4-706]

Taxpayers may contact the Department of Revenue or the respective county or city official for registration information and forms.

Obtaining the Business License

[Tenn. Code Ann. § 67-4-723]

No person described in Tenn. Code Ann. § 67-4-708(1)-(4) shall conduct business in Tennessee without first acquiring the appropriate business licenses required. The fee for each new business license is \$15 and must be paid at the time the application is submitted.

Upon receipt of the application and payment of the \$15 fee, together with any other information reasonably required, the county clerk, for taxpayers located within the county, and the appropriate city official, for taxpayers located within the incorporated municipality, are required to issue a business license to the taxpayer.

If the taxpayer has more than one location within the county or the incorporated municipality, a separate business license and \$15 license fee payment is required for each location.

Annually thereafter, upon notification from the Department of Revenue that the taxpayer has filed the required business tax return and remitted the amount of tax due, the licensing entity will renew the taxpayer's business license for another year. There is no additional fee for annual business license renewal.

BUSINESS TAX

The Business Tax *(continued)*

Each license issued will expire thirty days after the date that the taxpayer's annual business tax return is due for that license/jurisdiction.

Any county or incorporated municipality may enter into an agreement with the Commissioner of Revenue under which the Department of Revenue will issue new or renewal business licenses, or both, on behalf of the county or incorporated municipality. This would be a voluntary decision by the county or city.

The taxpayer must exhibit the license in the taxpayer's place of business.

If a taxpayer's character of business changes in a manner that causes the taxpayer to fall under a different business tax classification, the taxpayer must notify the appropriate licensing officials. The taxpayer must also file a final business tax return in the previous classification within 15 days of the change in classification. The taxpayer will then be placed into the proper business tax year based on the new classification.

Minimal Activity License

Any municipality that has enacted the business tax and every county will issue a minimal activity license to any person that is exempt from business tax under Tenn. Code Ann. § 67-4-712(d) if the person has annual sales of more than \$3,000 but less than \$10,000 per year within the jurisdiction.

The minimal activity license will be issued upon receipt of an application prescribed by the Department of Revenue and payment of a \$15 fee. On the application, the applicant must attest that the applicant is engaged in business within the county or incorporated municipality and has sales of less than \$10,000 per year within the jurisdiction.

Any county or municipality may voluntarily enter into an agreement with the Department of Revenue under which the Department will issue the minimal activity licenses.

No person with sales of more than \$3,000 but less than \$10,000 per year can engage in business in the jurisdiction without first obtaining the minimal activity license.

If a person has more than one location in the jurisdiction, a separate minimal activity license and \$15 fee is required for each location. Any person obtaining a minimal activity license must display the license in the person's place of business.

Every county and incorporated municipality that issues minimal activity licenses will provide the Department of Revenue, upon request, with the identity of each licensee and any other information reasonably required by the Department of Revenue to verify the licensee's compliance.

Persons with \$3,000 or less in annual sales in any incorporated municipality or county may, but are not required to, have a minimal activity license.

Each minimal activity license will expire thirty days after the end of what would be the taxpayer's filing period if the person were filing a business tax return. Each year, a new minimal activity license must be obtained for each of the person's locations if the person will meet the qualifying gross receipts criteria; another \$15 license fee must be paid for each new minimal activity license.

In any year in which a the person's gross receipts in the jurisdiction are \$10,000 or more, the person will be required to file a regular business tax return for the tax year.

BUSINESS TAX

The Business Tax *(continued)*

Any regular business license in effect on January 1, 2014 will continue to be valid until the original renewal date of the license. At that time, a qualifying person can then obtain the initial minimal activity license. [Tenn. Code Ann. § 67-4-723]

Bond

Persons in Classification 4(A) domiciled outside Tennessee, must, when applying for a business tax license, execute a bond or establish an escrow account with the county or municipality in which they are applying. This bond will be executed by two good and sufficient sureties approved by the county or municipal clerk or by a surety company duly authorized to do business in this state. This bond or escrow account will be in an amount sufficient to pay that person's anticipated business tax liability for the balance of the tax period for which such license applies, as determined by the county or municipal clerk. The bond may be called by the state in the event of failure by the person to pay its business tax liability. [Tenn. Code Ann. § 67-4-707]

Effective January 1, 2014, a county or municipality may, but is not required to, enter into an agreement with the Commissioner of Revenue under which the bond or escrow account will be filed with the Department of Revenue rather than with the county or municipality. [Tenn. Code Ann. § 67-4-707(b)]

For persons described in Classification 5A the minimum amount of tax is \$450 per year after applying all deductions and credits available in Tenn. Code Ann. § 67-4-711 and Tenn. Code Ann. § 67-4-713. No person in this classification will pay more than a maximum of \$1,500 per year after applying credits and deductions. [Tenn. Code Ann. § 67-4-714]

A taxable entity that is incorporated, domesticated, qualified, or otherwise registered to do business in Tennessee but is, or has become, inactive in Tennessee, or whose charter, domestication, qualification, or other registration is forfeited, revoked, or suspended without the entity being properly dissolved, surrendered withdrawn, cancelled, or otherwise properly terminated, will not be relieved from filing a return and paying the business tax. The amount of tax will be no less than the minimum tax amount established for the business's classification.

Persons subject to the business tax that have no established physical location, outlet, or other place of business in this state will register with the Tennessee Department of Revenue for state business tax if such persons generate \$10,000 or more in annual gross receipts in any Tennessee county. Such persons will be subject to one minimum tax

payment for all taxable gross receipts received in Tennessee. [Tenn. Code Ann. § 67-4-717]

BUSINESS TAX

Returns and Payments

Filing the Return

[Tenn. Code Ann. § 67-4-715]

Persons subject to business tax must file a return with the Tennessee Department of Revenue. The return form will be prescribed, prepared, and furnished by the Department.

Effective January 1, 2014, business tax reporting periods correspond to each business' fiscal year. Businesses in Classifications 1 through 5 will file a transitional business tax return for each location for the date following their last 2013 filing through the last day of their business' fiscal year in 2014. In subsequent years, each business will always file its business tax return for a twelve-month period ending on the last day of their fiscal year.

Returns and tax payments must be filed no later than the fifteenth day of the fourth month following the end of the business' fiscal year. For instance, businesses whose fiscal year ends on December 31 must file and pay their business taxes on or before April 15th of the following year.

A taxpayer with a location within the limits of a Tennessee city that has enacted the business tax must file two returns for that location – one return for the city and one return for the county.

A taxpayer with a location outside the limits of any Tennessee city, or inside the limits of a city that has not enacted the business tax, must file one business tax return for that location for the county.

Taxpayers who enter Tennessee to conduct business activities but who do not have a physical business location in Tennessee and who generate gross sales of \$10,000 or more in any Tennessee county must file one state

business tax return for the gross receipts received in counties where gross receipts were \$10,000 or more.

The return and tax payment must be filed together. Failure to remit the required tax payment with the return will cause the tax to become delinquent.

Effective January 1, 2014, the Commissioner of Revenue determined that all business tax taxpayers are required to file returns and remit the associated tax payments electronically.

If this requirement creates a hardship on any taxpayer subject to this requirement, the taxpayer can request permission to continue to file using paper return forms. The Commissioner can require that any paper return be accompanied by a manual handling fee of \$25 to account for the additional cost of preparing, printing, receiving, reviewing, and processing the paper return. [Tenn. Code Ann. § 67-1-115(a)]

The taxpayer must also file a final business tax return in the previous classification within 15 days of any change in classification. The taxpayer will then be placed into the proper business tax year based on the new classification.

Filing Date

If the due date for a return falls on Saturday, Sunday, or a holiday, the due date is automatically extended until the next business day. [Tenn. Code Ann. § 67-1-107]

Returns And Payments *(continued)*

Assessment in the Absence of a Return

[Tenn. Code Ann. § 67-4-716]

If a person fails to file any form, statement, report, or return required to be filed with the Commissioner of Revenue, the Commissioner is authorized to determine the tax liability of that person from whatever source of information may be available.

The provisions relative to collection of delinquent taxes in Tenn. Code Ann. Title 67, Chapter 1, will apply to any delinquent business tax administered and collected by the Commissioner of Revenue.

Extension

[Tenn. Code Ann. § 67-4-718]

The Commissioner of Revenue may, upon a showing of good cause, grant one extension, of not more than 30 days, for a person liable for the business tax to file that person's tax return and pay the tax shown to be due.

Requests for such extensions must be made in writing, must state why the extension is desired, must be signed, and must be submitted before the delinquent date of the return and tax.

Interest, as provided in Tenn. Code Ann. § 67-1-801, will be added to the amount of tax due, beginning from the statutory due date until the date the tax is paid. No penalty will be assessed if the return is made and the full amount of taxes are paid on or before the extended due date.

Any return and payment made subsequent to the extended due date will be subject to penalty and interest from the original statutory due date without regard to the period allowed by the extension.

Penalties and Penalty Waivers

A penalty is imposed for the late filing of a tax return and for late payment of taxes owed the state. The penalty is computed at a rate of 5% per month, or any portion of a month, from the due date until the date the taxes are paid. The maximum penalty is 25% of the tax amount due; the minimum penalty is \$15.

[Tenn. Code Ann. § 67-1-804(a)(1)]

When a taxpayer fails to submit a timely return and penalties and/or interest are applied, the penalties and interest become a part of the tax due. The Commissioner of Revenue may for good cause waive payment of penalty on any tax due. [Tenn. Code Ann. § 67-1-802]

Interest

Interest is imposed on any taxes not paid by the date required by law even though a filing date extension has been granted. The Department of Revenue has no discretion to refund or waive any interest charges. The interest rate applicable to any deficient tax payment is established each July 1st. [Tenn. Code Ann. § 67-1-801]

BUSINESS TAX

Deductions

[Tenn. Code Ann. § 67-4-711]

In computing the amount of business tax liability, the following items may be deducted from the measure of the tax.

Cash Discounts

Cash discounts allowed and taken on sales.

Returned Merchandise

The proceeds of the sale of goods, wares, or merchandise returned by the customer when the sale price is refunded either in cash or by credit.

Trade-ins

The amount allowed as trade-in value for any article sold.

Repossessions

Amounts representing the difference between the remaining amount due on the selling price of tangible personal property sold on a security agreement and \$500, when the wholesaler or retailer actually repossesses the property sold pursuant to the terms of the security agreement.

Contractor Payments to Subcontractors

Amounts actually paid during the business tax period by a contractor to a subcontractor holding a business license or who is licensed by the state board for licensing contractors for performing activities described in Tenn. Code Ann. § 67-4-708(4)(A).

Those activities include rendering exterminating services, for installing personal property, for constructing, building, erecting, repairing, grading, excavating, drilling, exploring, testing, or adding to any building, highway, street, sidewalk, bridge, culvert, sewer, irrigation or water system, drainage or

dredging system, levee or levee system or any part thereof, railway, reservoir, dam, power plant, electrical system, air conditioning system, heating system, transmission line, pipeline, tower, dock, storage tank, wharf, excavation, grading, water well, or any other improvement or structure or any part thereof.

For a contractor to be eligible to claim the deduction, the contractor must provide, on the appropriate form provided by the Commissioner of Revenue, the name, address, and business license or contractor's license number of the subcontractor and the amount subcontracted. The contractor must also maintain in its records a copy of the subcontractor's business license or license issued by the board for licensing contractors.

This provision applies only to new contracts issued on or after September 1, 2009. Contracts issued before that date are subject to the provisions of Tenn. Code Ann. § 67-4-711(a)(5) that existed immediately prior to June 25, 2009.

Services Delivered to Locations in Other States

Sales of services that are delivered to locations outside the State of Tennessee.

School Sales

The proceeds of the sale of school supplies and meals to students and school employees on campus by elementary and secondary schools. The proceeds of all sales of such items by private independent contractors shall not be deducted.

BUSINESS TAX

Deductions *(continued)*

Bad Debts

A deduction from gross receipts is available for bad debts arising from receipts on which business tax was paid. The deduction for bad debts will not include any charge attributable to interest on such debt.

A "bad debt" is defined in 26 U.S.C. § 166. The amount calculated pursuant to 26 U.S.C. § 166 will be adjusted to exclude:

- + finance charges or interest,
- + sales or use taxes charged on the purchase price,
- + uncollectible amounts on property that remain in the possession of the seller until the full purchase price is paid,
- + expenses incurred in attempting to collect any debt, and
- + repossessed property.

The bad debt deduction will be deducted on the business tax return for the period during which the bad debt is written off as uncollectible in the taxpayer's books and records and is eligible to be deducted for federal income tax purposes.

A taxpayer that is not required to file a federal income tax return may deduct a bad debt on a return filed for the period in which the bad debt is written off as uncollectible in the taxpayer's books and records and would be eligible for a bad debt deduction for federal income tax purposes if the taxpayer was required to file a federal income tax return.

If a deduction is taken for a bad debt and the debt is subsequently collected in whole or in part, the tax on the amount collected will be paid and reported on the return filed for the period in which the collection is made.

If the amount of bad debt exceeds the amount of gross receipts for the period in which the bad debt is written off, the taxpayer may file a refund claim and receive a refund. The statute of limitations for filing the claim is measured from the due date of the return on which the bad debt could first be claimed.

Other Taxes Paid

In computing the tax due, these taxes may be deducted from the measure of tax. These deductions may be claimed only by the taxpayer who made direct payment to the applicable governmental agency and, by all vendees of that taxpayer licensed under this chapter to do business in the state.

Taxes, which may be deducted from the measure of the tax, are:

- + Federal excise taxes imposed on beer, gasoline, motor fuel, and tobacco products.
- + Tennessee gasoline tax.
- + Tennessee motor vehicle fuel use tax.
- + Tennessee tobacco tax.
- + Tennessee beer taxes.
- + Special tax on petroleum products.
- + Taxes that are required to be passed on to the consumer by the provisions of the Retailers' Sales Tax Act, or by the provisions of Tennessee Code Annotated, Title 57, relative to sale of alcohol for on-premises consumption. These taxes should be excluded from the gross sales reported on the business tax return, but such taxes passed on to the consumer may be deducted from the gross sales reported if such taxes are included in gross sales on the business tax return.
- + Liquefied gas tax.

BUSINESS TAX

Deductions *(continued)*

- + Bail bond taxes required to be collected by a bail bondsman should be excluded from the gross sales reported on the business tax return, but may be deducted from the gross sales reported if such taxes are included in gross sales.

Credits

Certain credits are available to persons subject to the business tax outlined in the law. They include:

Personal Property Taxes

Personal property taxes properly paid under Tenn. Code Ann. Title 67, Chapter 5, Part 5 or Part 13 can be taken as a deduction against the total business tax liability of the taxpayer actually paying the personal property taxes. The following conditions apply.

Personal property taxes are allowable as a credit only to the extent that the property is located at the place of business covered by the business tax return on which the deduction is being claimed and the property is taxed in the same city or county for which the return is being filed.

Personal property taxes are allowable as a credit only for taxes paid either during the tax period covered by the return or prior to the due date of the return.

There is no credit available for payment of property taxes on real property.

Only the amount of personal property tax paid to the county will be used to determine the credit on the county business tax return. Only the amount of personal property taxes paid to the city will be used to determine the credit on the city business tax return.

Personal property taxes assessed pursuant to an audit and subsequently paid may be taken as a credit either on the business tax return filed for the year in which the additional personal property tax was paid or on the return covering the immediately previous year. If the credit is taken in the previous year, an amended business tax return must

be filed for that year. [Tenn. Code Ann. § 67-4-713(a)(2)(C)]

In cases where a lease or rental agreement provides specifically for payment of personal property taxes by the lessee or renter to the lessor or owner, personal property taxes paid by the lessee to the lessor covering any period of time extending beyond June 1, 1971, arising from assessments made against the lessor or owner may be taken as a credit against the business tax liability. The lessor may not take the credit authorized to the lessee by this §. [Tenn. Code Ann. § 67-4-713(a)(4)]

Providers of video programming services, as defined in Tenn. Code Ann. § 67-6-102, are allowed the credit to the extent that the property is located in a jurisdiction to which the taxpayer's receipts are sourced in accordance with Tenn. Code Ann. § 67-4-717 and the property is taxed by that jurisdiction. [Tenn. Code Ann. § 67-4-713]

Certain Special School District Taxes

Personal property taxes paid pursuant to a special school district tax levied by public or private act may be taken as a business tax credit. This credit will only apply in any county having a population of not less than 28,250 nor more than 28,300 or not less than 49,400 nor more than 49,500 according to the 1980 federal census or any subsequent federal census. [Tenn. Code Ann. § 67-4-713(a)(4)]

- + Either person directly owns or controls 80% or more of the other, or 80% or more of both persons is directly or indirectly owned or controlled by a common parent.
- + The provisions of this § are not affirmatively rejected by a two-thirds vote of the legislative body of the county or municipality exercising jurisdiction over the governmental unit or instrumentality. [Tenn. Code Ann. § 67-4-713(a)(5)]

Privilege Taxes

The pro rata portion of any privilege tax paid under the provisions of Tennessee Code Annotated, Title 56, Chapter 4, Part 4, the gross receipts tax for Production Credit Associations; Title 57, Chapter 5, the beer taxes; or Title 67, Chapters 4 and 5, the privilege and excise taxes or the property tax, extending past June 1, 1971, and repealed as of that date, may be taken as a credit against the business tax. Multi-vendor Sales Locations

[Tenn. Code Ann. § 67-4-710]

By resolution, any county or incorporated municipality is authorized to impose a fee on the exercise of privileges described in this §. Every county or incorporated municipality imposing the fee in this § as of the effective date of the Uniformity and Small Business Relief Act of 2013 is deemed to have made an effective election to continue imposition of the fee, and no additional resolution is required. The fee should be paid to the county clerk for activity carried on within the county.

In the case of antique malls, flea markets, craft shows, antique shows, gun shows, and auto shows, operated as public facilities from which business is carried on by two or more retailers of tangible personal property, the owner, manager, operator, or promoter of the facility must obtain a business license and collect and submit to local tax officials a \$1 fee per day per booth from each exhibitor at the promotion location.

The preceding provision does not apply to exhibitors properly licensed at the promotion location prior to July 1, 1983, until such time as that license expires. It shall also not apply to promotions conducted by nonprofit associations, corporations, or organizations, nor to casual and isolated activities by persons who do not hold themselves out as engaged in business.

However, in the case of a flea market, those exhibitors registered for Tennessee sales and use tax purposes and those who register annually pursuant to Tenn. Code Ann. § 67-6-220 (dealers who make retail sales at flea markets) have the option of either obtaining a business tax license and remitting the

business tax in accordance with the provisions of Tenn. Code Ann. § 67-4-709, or remitting the \$1 fee per day per booth to the flea market operator.

Those exhibitors not registered annually shall pay the \$1 fee per booth per day to the flea market operators. Those exhibitors electing to obtain a business tax license must present evidence of the license to the operator before conducting business.

The fee described will be in lieu of any business tax otherwise provided for by law.

In the case of an antique mall, flea market, craft show, antique show, gun show, or auto show in which the location is not a continuing business, the fees collected by the owner, manager, operator, or promoter shall be submitted to local tax officials, together with such supporting documents as the tax collector may require, within 72 hours after the closing of the event.

In the case of an antique mall, flea market, craft show, antique show, gun show, or auto show in which the location is a continuing business, the fees collected by the owner, manager, operator, or promoter shall be due and payable monthly, on the first day of each month.

For purposes of preparing the supporting documents that the tax collector may require, all owners, managers, operators, or promoters must, on or before the 10th day of each month, transmit to the collecting official the forms prescribed, prepared, and furnished by the official, together with the amount of tax collected during the preceding month. Failure to remit the tax by the 10th day of each month will cause the tax to become delinquent.

BUSINESS TAX

Local Tax Collections *(continued)*

This provision does not apply to any business that is primarily engaged in selling antiques at least 5 days each week in a permanent location. For antique malls selling antiques at least 5 days a week with a common cash register for all sales, only the mall operator will be required to obtain a business tax license and pay on all receipts derived from that location. Individual booths rented at such malls will not be deemed to be separate places, locations, or outlets in the state from which business is conducted.

“Flea market booth” means any contiguous space leased by a single vendor to sell tangible personal property.

Transient Vendors

Transient vendors shall pay a fee of \$50 for each 14-day period in each county and/or municipality in which such vendors sell or offer to sell merchandise or for which they are issued a business license. Transient vendors will pay their tax liability prior to the first day of engaging in business. Transient vendors shall not be liable for the tax levied under Tenn. Code Ann. § 67-4-709.

Taxation of Municipal Airports [Tenn. Code Ann. § 67-4-727]

Certain airports or other navigation facilities, located outside the territorial limit of the municipality that either created or controls the facility, may be taxed, under the Business Tax Act, by that creating or controlling municipality as though the facility were located within the municipality's territorial limit. Any vocation, occupation, business, or business activity located on the grounds of the facility may also be taxed as though it were located within the territorial limit of the municipality.

There are specific restrictions to which this taxation authority is not applicable defined in Tenn. Code Ann. § 67-4-727(b). Consult the statute for explanation of those restrictions.

Taxation of Traveling Photographers [Tenn. Code Ann. § 67-4-729]

As used here, “traveling photographer” means a photographer who makes studio-type photographs or portraits and sells them, but does not have an established studio or place of business in the trade area in which such photographs are taken. It does not include a photographer who makes photographs to be placed upon articles of identification.

Before a traveling photographer may do any business in a community, the photographer must first register with the sheriff or chief of police where the photographer proposes to conduct temporary business. The photographer will give full name and address, the name and address of any other person working with the photographer, the name and address of the employer with which the photographer is connected, and must furnish proof that a deposit of \$100 has been made with the county clerk and a like amount with the proper municipal tax collector, against whatever amount or amounts of business taxes the photographer may owe on account of business done in the county or municipality, or both, as the case may be.

Any deposits made will be a credit on the amount of business tax for which such photographer may be liable to any county or municipality. When the taxes are paid, any balance remaining to the photographer's credit with the respective taxing jurisdictions will be refunded.

Property Management Companies

[Tenn. Code Ann. § 67-4-730]

When an individual property owner utilizes a property management company to manage vacation lodging for overnight rentals, the property owner is not considered to be in the business of property management, even though any other of that person's activities could be considered business subject to the business tax. In such a case, the property management company will be liable for the payment of the business tax on the business of renting the properties. The tax will be based on the gross proceeds from the overnight rentals and any other source of gross income subject to the business tax.

BUSINESS TAX

Settlement upon Termination or Transfer of Business

[Tenn. Code Ann. § 67-4-721]

If any person liable for any tax, penalty, or interest levied hereunder sells out the person's business or stock of goods, changes the legal structure of the business (i.e., from sole proprietor to corporation, corporation to limited liability company, etc.), or quits the business, the person will make a final return and payment within 15 days after the date of selling or quitting the business.

The person's successor, successors, or assigns, if any, will withhold a sufficient amount of the purchase money to cover the taxes, interest, and penalties due and unpaid until the former owner can produce a receipt from the Commissioner of Revenue showing that the taxes have been paid, or a certificate stating that no taxes, interest, or penalties are due.

If the purchaser of a business or stock of goods fails to withhold the purchase money as indicated, the purchaser will be personally liable for the payment of the taxes, interest, and penalties accruing and unpaid on account of the operation of the business by any former owner or operator.

The amount of the purchaser's liability for payment of such taxes, interest, and penalties cannot exceed the amount of purchase money paid by the purchaser to the seller in good faith and for full and adequate consideration in money or money's worth.

"Purchase money" includes cash paid, purchase money notes given by the purchaser to the seller, the cancellation of the seller's indebtedness to the purchaser, the fair market value of property or other consideration given by the purchaser to the seller. It does not include indebtedness of the

seller either taken or assumed by the purchaser when a tax lien has not been filed.

The purchaser shall have no liability for taxes, penalties, and interest if the Department of Revenue releases the former owner, owners, or assigns from the original liability for such taxes, interest, or penalty through payment of the amount due, and settlement with the Department.

Assume that a purchaser receives, in good faith and without knowledge of any false statement therein, an affidavit from the seller at the time of the purchase stating under oath the amount of such taxes, interest, and penalty due and unpaid by the seller to the Department through the date of purchase, or a statement from the seller that there are no due and unpaid taxes, interest, and penalty, and the purchaser in good faith withholds and sets aside from the purchase money to be paid to the seller in an amount sufficient to pay the amount of taxes, penalty, and interest shown to be unpaid by the seller's affidavit.

If that purchaser tenders a copy of the seller's affidavit by registered or certified mail to the Department's Revenue Enforcement Division, the purchaser will be released from any liability, in excess of that which is shown on the affidavit, for taxes, penalty, and interest unpaid by the previous owner, owners, or assigns unless the Commissioner notifies the purchaser of the correct tax liability at the correct return address provided by the purchaser within 15 days of receipt of the affidavit.

Distribution of Tax Collections

[Tenn. Code Ann. § 67-4-724]

(1) An amount equal to \$7 per return will be paid to the county clerk with respect to each tax return filed by a taxpayer either located within the county or who otherwise obtains a license for that county. Of this amount, \$3 will be earmarked for computer hardware purchases or replacement, but may be used for other usual and necessary computer related expenses at the discretion of the county clerk.

The amount will be reserved for these purposes and will not revert to the general fund at the end of a budget year if unexpended.

(2) An amount equal to \$7 per return will be paid to the appropriate city official for each tax return filed by a taxpayer either located within the city or who otherwise obtains a license for the city.

(3) After the distributions listed in (1) and (2), an amount equal to 5% of the remaining proceeds of the tax collected will be paid to the county clerk in the case of returns filed by taxpayers located or licensed in the county and to the appropriate city official, in the case of returns filed by taxpayers located or licensed in the municipality.

(4) After the distributions listed in (1) – (3), 43% of the remaining proceeds of the state tax collected by the Commissioner will be earmarked to the state's general fund and 43% of the municipal tax collected by the Commissioner will be earmarked and allocated to a fund held by the state to be used for purposes of the municipality that levied the tax.

This portion of the municipal tax will be reserved for these purposes and will not revert to the general fund at the end of a budget year if unexpended.

(5) After the distributions listed in (1) – (4), an administration fee of 1.125% of the remaining proceeds of the taxes will be allocated to the Department of Revenue to cover the expenses of administration and collection.

location, outlet, or other place of business from which the sales were made.

Items (1) – (6) notwithstanding, 100% of the tax, interest, and penalty collected from a taxpayer that does not have either a license or an established physical location, outlet, or other place of business in any county or municipality in the state will be earmarked and allocated specifically to the state's general fund. Additionally, 100% of the tax, interest, and penalty collected from a taxpayer described in Tenn. Code Ann. § 67-4-708(5) also will be earmarked and allocated specifically to the state's general fund.

The fee levied by a county or municipality under Tenn. Code Ann. § 67-4-710, including any associated penalty and interest, will be retained by the county or municipality that levied the fee. An amount equal to 5% of the proceeds of the fee will be paid to the county clerk, in the case of such fees collected by the county, or to the municipal business tax official, in the case of such fees collected by a municipality.

Audits and Assessments

All tax returns filed with the Department of Revenue undergo some type of office audit or examination to ensure that the correct tax has been paid. This audit could be a computer math audit, a manual examination by a

trained auditor, or both. The taxpayer will be contacted if additional information is needed to complete the audit. The taxpayer will receive written notification if any adjustments are made to the return.

Any taxpayer selected for a field audit will be contacted by the Department of Revenue to set up a convenient time for the audit. The taxpayer will receive advance notification on which records will be needed for the audit. A field audit generally involves tax returns filed for the previous three years. At the completion of the audit, the auditor will leave the taxpayer a written report for review. Once the auditor has made any necessary changes to the report, the notice of assessment for any underpaid taxes will be issued. [Tenn. Code Ann. § 67-1-1301]

Right to a Conference

[Tenn. Code Ann. § 67-1-1801]

Taxpayers are entitled to an informal conference to discuss an assessment. If this request is made in writing within 30 days from the date of the Notice of Assessment, the conference will be granted. If made after 30 days, the conference may be granted at the Commissioner's discretion.

If the taxpayer timely requests an informal conference, the proposed assessment will become final after the informal conference process concludes.

Taxpayers wishing to contest a final assessment without making payment have 90 days to file suit in chancery court, as provided in the statute. Interest will continue to accrue at the prevailing rate until payment is received. A lien may be filed against the taxpayer's property during this 90-day period.
