## Code Adoption Update

The 2018 code adoption process is moving forward and has been placed on the Knox County Commission's October agenda for the first reading.

## Applying for a Permit

When applying for a permit the following items will be needed; two (2) sets of plans, a site plan, a certified address (obtained through MPC) and, if applicable, a drainfield layout (from the health department).

## New EPW Senior Director

Jim Snowden has been named as the new EPW senior director. Jim has been with EPW for over 19 years and has established himself as a key person within the department. Jim is a PE and his expertise is in road development. Congratulations Jim on your promotion!

## Applying for a Permit Just Got Easier!

The Knox County Code Administration is excited to announce our website has a new link posted that will enable anyone to apply for a permit online! What this means is you will be directed to an online permit application to fill out and then attach the necessary documents and plans which will then be submitted to a permit technician. The information will be processed, the plans will be sent for electronic review and you will be contacted for completion of the process and payment will be collected. The posted link on our website will look like this:

### Mission

Knox County Code Administration's mission is to protect the safety, health, welfare, and property of the citizens of Knox County. This is accomplished through administration, public education, and enforcement of building regulatory codes. Whereas, plan review, periodic inspections, and active enforcement of zoning regulations on new and existing construction are fundamental elements of our overall mission.
