III. Background

3.1 The City of Knoxville and Knox County have three primary sources of MSW to be disposed of under this agreement:

   Residential Collection - The City contracts the weekly collection of household trash from approximately 60,000 households. The current contract holder for collection is Waste Connections of Tennessee. The County also contracts with Waste Connections of Tennessee, collecting approximately 33,000 tons of waste collected at seven Convenience Centers, most of it collected in roll-off containers delivered by roll-off trucks and may have some incidental materials delivered by truck.
Transfer Station - The City of Knoxville owns and operates a solid waste transfer station located within one block off I-275 at the Baxter Avenue exit. This facility operates six (6) days a week, accepting waste from small contractors, households, and City crews.

The City and the County make no guarantees regarding the future volumes or amount of solid waste tons as part of this disposal solicitation. Should the need arise, the City and County reserve the right to purchase these services from other sources.

Below is annual tonnage information for all sources of MSW over the past three calendar years:

6.20 Captions. The captions appearing in the Agreement are for convenience only and are not a part of the Agreement; they do not in any way limit or amplify the provisions of the Agreement.

6.21 Severability. If any provision of the Agreement is determined to be unenforceable or invalid, such determination shall not affect the validity of the other provisions contained in the
Agreement. Failure to enforce any provision of the Agreement does not affect the rights of the parties to enforce such provision in another circumstance, nor does it affect the rights of the parties to enforce any other provision of this Agreement at any time.

6.22 No Benefit for Third Parties. The services to be performed by the Contractor pursuant to the Agreement with the City or County are intended solely for the benefit of the City or County, and no benefit is conferred hereby, nor is any contractual relationship established herewith, upon or with any person or entity not a party to the Agreement. No such person or entity shall be entitled to rely on the Contractor's performance of its services hereunder, and no right to assert a claim against the City and County or the Contractor, its officers, employees, agents, or contractors shall accrue to the Contractor or to any subcontractors, independently retained professional consultant, supplier, fabricator, manufacturer, lender, tenant, insurer, surety, or any other third party as a result of this Agreement or the performance or non-performance of the Contractor's services hereunder.

6.23 Non-Reliance of Parties. Parties explicitly agree that they have not relied upon any earlier or outside representations other than what has been included in the Agreement. Furthermore, neither party has been induced to enter into this Agreement by anything other than the specific written terms set forth herein.

6.24 Force Majeure. Neither party shall be liable to the other for any delay or failure to perform any of the services or obligations set forth in this Agreement due to causes beyond its reasonable control, and performance times shall be considered extended for a period of time equivalent to the time lost because of such delay plus a reasonable period of time to allow the parties to recommence performance of their respective obligations hereunder. Should a circumstance of force majeure last more than ninety (90) days, either party may by written notice to the other terminate this Agreement. The term "force majeure" as used herein shall means the following: acts of God; strikes, lockouts or other industrial disturbances; acts of public enemies; orders or restraints of any kind of the government of the United States or of the State or any of their departments, agencies or officials, or any civil or military authority; insurrections, riots, landslides, earthquakes, fires, storms, tornadoes, droughts, floods, explosions, breakage or accident to machinery, transmission pipes or canals; or any other cause or event not reasonably within the control of either party.

6.25 EEO/AA. The City of Knoxville is an EE/AA/Title VI/Section 504/ADA/ADEA Employer.

6.26 By submitting a proposal, the submitting entity agrees to all terms and conditions established in this RFP, including its contract requirements.

6.27 For the satisfactory performance of this Agreement, the City shall pay to the Contractor Tipping Fees per ton as detailed on the "Unit Cost of Services Submission Form" for City Waste Material delivered to and disposed of in the Sanitary Landfill for the first year of the Agreement. After September 30, 2021 and each September 30 thereafter during the remaining years of the term of the Agreement and any renewal terms thereof, the Contractor may adjust the contract price in accordance with the increase or decrease, if any, in the cost of living, using as a basis of such adjustment the “Revised Consumer Price Index for All Urban Consumers – South Region
1982-1984 = 100 - All Items” (“Index”) for the most recent month published by the Bureau of Labor Statistics of the United States Department of Labor, excepting that the maximum annual increase shall not exceed 3.5%. The new rate for each year will be calculated as per the following example:

\[
\begin{align*}
\text{CPI for current period (current September Index):} & \quad 134.0 \\
- \text{CPI for previous period (prior year September Index):} & \quad 129.9 \\
\end{align*}
\]

\[
= \text{Index point change} \quad 4.1
\]

\[
\text{Index point change (4.1) ÷ Prior year September Index (129.9) = 0.032 x 100 = 3.2% index change}
\]

\[
3.2\% \text{ index change} \times \text{current Tipping Fee} = \text{New Rate}
\]

The increase in the Tipping Fee may occur after Contractor has given the City written notice of such change and the Contract Manager approves the calculation.

The City of Knoxville strongly encourages prime contractors to employ diverse businesses in the fulfillment of contracts/projects for the City of Knoxville.

The City of Knoxville’s Fiscal Year 2020 goal is to conduct 4.82% of its business with minority-owned businesses, 10.73% of its business with woman-owned businesses, and 33.94% with small businesses.
