Non-acceptance of any bid will be devoid of any criticism of the bid and of any implication that the bid is deficient in any manner. Non-acceptance of any bid shall be construed as meaning simply that the County does not deem the bid to be acceptable or that another bid was deemed to be more advantageous to Knox County for the particular services proposed.
- 3.36 REMOVAL OF VENDOR'S EMPLOYEES:** The successful vendor(s) agrees to utilize only experienced licensed, responsible and capable people in the performance of the work. Knox County may require that the successful vendor(s) remove from the job covered by this contract, employees who endanger persons or property or whose continued employment under this contract is inconsistent with the interest of Knox County.

Should the non-conforming material incur costs or expenses, both parties agree to share these costs equitably. The party on the receiving end of the non-conforming material is responsible for promptly notifying the other party. This notification should include provision for access to the material for necessary inspection and testing purposes. Both parties will engage in a joint effort to devise and execute appropriate corrective actions aimed at rectifying the non-conformity. In addressing any non-conforming material, the liability provisions outlined in this contract will be applicable, insofar as they are relevant to the situation at hand.
- 4.9 **OWNERSHIP/MAINTENANCE OF CONTAINERS:** The Contractor shall maintain full ownership of all containers leased by Knox County from the Contractor under this Contract that is located on Knox County property. The Contractor shall be responsible for all damage to the equipment. The Contractor shall maintain the equipment in a safe and good working condition so as not to hinder any operations conducted at Knox County facilities. Knox County shall have the right to request equipment replacement should regular calls for service repair become necessary. Knox County shall keep a log of all requested service requests and make such log available. Knox County reserves the right to terminate the Contract for repeated service requests and breakdowns or equipment being out of service due to mechanical failure. All equipment must be in full working order at all times during the Contract. If equipment is down, then the Contractor must initiate repairs on the equipment within twenty-four (24) hours after notification. Knox County will determine the conditions of any equipment leased.

- 4.13 TIP FEE AND HAUL RATE OR HAUL RATE AND LANDFILL PRICE PER TON:** Contractor must quote a tip fee and haul rate for front loader service and haul rate and landfill price per ton for roll-off containers as applicable for each type of container listed in Section VI. Contractor shall enter one (1) amount for the total charge per type of container in Section VI. The total charge shall include all costs for disposal (e.g.: mileage and flat fees). There shall be no other costs to the County associated with the disposal of the waste. All other costs shall be the Contractor's responsibility. The tip fee and haul rate must be a flat rate and shall not be bid as a fluctuating unit cost. This means no matter what the weight or the amount of material presented inside the container is, the costs to collect and dispose of the waste material will be the same for every tip for that type of container. The haul rate and landfill price per ton shall not be bid as a fluctuating cost.
